**LET'S MEASURE!** All first grade students recently studied measurement. Students traced their arms and cut them out. Then they measured their arms using various non-standard units such as cubes, cards, paper clips, and magic markers. Finally, the students compared their arm lengths to one another. Shown here are students from Mrs. Amy Smith's classroom.

## From the Principal...Mrs. Fazenbaker

It is hard to believe that we are in the final quarter of the school year. Students in grades 3, 4, and 5 have been working hard on the **ELA PARCC assessments** and will take the math portion of the assessment during the first two weeks of May. Please have your children to school on time and well rested.

On May 4th, WES will hold the annual **talent show**, "Westernport's Got Talent!" Please come out and support our students at 6:00 p.m.

on the stage of Westmar Middle. Thanks to the students, teachers, interns, and volunteers who are helping to produce such a great show. All proceeds will be donated to St. Jude Children's Hospital.

I would like to mention our **annual fundraisers**. WES holds two fundraisers, the Krispy Kreme donuts sale and the Gardner's Candy sale. Proceeds from the fundraisers go directly to the students. This year, profits bought every stu-

dent a class picture, paid for the Mobile Science Lab, and helped to purchase all items associated with the PBIS Program at WES. This includes the token tower that your child goes to when he/she cashes in PAWS or DoJo points, some of the PEACE parties, the hayride, the winter dance, and the luau which is to take place this month. The profits from these fundraisers did not meet the

expenses of these incentives so then we also used the profits from the pictures to cover the costs. PTA does its own fundraising and those profits provide things for the students as well. We truly appreciate everything that the PTA does for us. Thanks, parents, for continuing to support your children in so many ways. My door is always open to you. You can contact me at the school or e-mail [alex.fazenbaker@acps.k12.md.us](mailto:alex.fazenbaker@acps.k12.md.us)

# Memorial Books

Have you ever considered donating money to purchase a library book in memory or in honor of a loved one? Memorial/honor donations may be made to WES at any time during the school year. The memorial books are generally ordered in June or when a sufficient amount is available to make up a book order. A minimum of \$20.00 is appreciated to cover the cost of the book and library processing. A plaque is placed in the book and the family is notified of your donation. WES has recently received donations from Sheila Golden and Deborah Hendrickson in memory of Blanche Felker, former WES first grade teacher, and June Rinard, former WES school secretary. Barbara Davis made a donation in memory of Betty Snyder. Finally, a donation was made by Mrs. Hendrickson which will be used to purchase a library book in memory of former WES students who are now deceased. Contact the school at 301-359-0511 for details.

## Mission Statement

—Martin Luther King Jr.

Students in the Allegany County Schools recycled phone books from April 1st through April 29th to do their part to support the 24th Annual Allegany County Phone Book Recycling Campaign. WES students collected 923 phone books.

Miss Kim's PreK classes easily won first place at WES. They collected 235 phone books!

Cash prizes will also be awarded to the top six participating schools. Award determinations are based on the ratio of phone books collected to the total school population. The money must be used to purchase "green items" for the winning schools.

This project encourages students to do their part to help make the Earth a better place for future generations. Thanks to all who participated this year.

## Got Creativity?

Students have recently been experimenting with Makerspaces in the library media center. Defining a makerspace can be somewhat difficult due to the differences among spaces and activities, but the emphasis is on creating with technology, according to Caitlin Bagley of Carnegie Library of Pittsburgh. Devices such as iPads, Kindles and Nooks and items such as littleBits, Contraptions (wooden planks), K'nex, Q-Bits and Zoob pieces can also be used to encourage student creativity. Shown at left is fifth grade student, Larae Grove, with her recent creation.

## Got Talent?

Westernport Elementary will have its second annual talent show on Wednesday, May 4, 2016. Students plan to have a great time sharing their many talents at the dress rehearsal at WES and again at the evening performance at Westmar Middle. Assisting with the talent show are Mrs. Harris, Mrs. Hughes, Ms. Kyle, Mrs. Llewellyn, Mrs. Raines, Mrs. Sechler, and Mrs. Swisher; as well as FSU student Karlee Raines, and FSU interns, Ms. Dicken, Ms. Fell, Ms. Massengill and Ms. Wearmouth.

## Attendance Drawing Winners

Here are the latest results of the weekly attendance drawing, which is sponsored by Verso Corporation. The names of the students who are drawn from the "pot of gold" are checked against the attendance list from the previous week. If a student whose name is drawn is present at school each day for the previous week, he/she wins a silver or gold dollar. If a student is absent, tardy or leaves early on any day during the previous week, the name is not announced but put back in the bucket and a new name is drawn. One coin is awarded to each grade level. The

following students (in order from PreK-5) have won coins, to date:

Week of March 7-11: Taylor Saville, Mason Weimer, Reid Robison, Hunter Frey, Dawn Cook, Hayden Martz and Wyatt Murphy

## After School Program Again Successful

An after-school program for students in grades three, four, and five was held at Westernport Elementary during February, March and April. The after-school program was held on Tuesdays, Wednesdays, and Thursdays from 3:45-5:15 p.m. Students who attended the program rotated between three different teachers for 20 minutes of extra instruction. Mrs. Janice Raines provided ELA instruction and used SMART Board activities to help to make learning fun. Ms. Tiffany Moran engaged the students in several different hands-on activities and had students work on STEM activities. Each participant also had an opportunity to complete his/her homework and receive assistance from Ms. Julie Kyle while doing so. A snack was served each evening before the other activities began. 26 students were regular participants. The program concluded on April 14th with a pizza party. Connor Dayton, Hayden Martz, Bryson Saville and Matthew Saville received awards for perfect attendance.

Mr. Eric Follett and Mrs. Lisa Harris also assisted with the after school program.
