Dear Students and Families,

As we start our school year online this year, remember you can do anything you put your mind to. Your family loves you and everyone here at Beall Elementary loves you, too. We are proud of you for always trying your best, especially when things get hard. It’s okay to make mistakes as we start our year with online learning. Believe it or not, we will make them, too. We need to remember this is new to everyone. We all need to be understanding and forgiving. Learning is your responsibility with the help of your family, and of course your teachers, but we know you have what it takes. Although we are not in school together, we are all here for you. We are just a phone call or e-mail away. Have an awesome school year and I hope to see everyone soon!

Mrs. Logsdon

Learning Assistance Program

*Be Safe*          *Be Responsible*          *Be Respectful*          

*****Even when learning from home*****
Ms. Saydi, Mrs. Wampler & Mrs. Donna

Judy Center
Early Learning Hub

We are here to support families with children ages birth-5, students, and teachers!

Please call us for assistance in any area!

First Grade Virtual Learning Expectations

Students will need to:
● Put forth their best effort at all times.
● Have materials available and organized everyday for class.
● Be positive and respectful.
● Be patient with technology issues and glitches. We are all learning.
● Follow directions when given.
● Read, Read, Read... The more your child reads, the more fluent they will become.
● Practice counting, adding and subtracting objects throughout day to day activities.
● Complete activities in a timely manner and post them back if requested.
