

Attention Parents:

E-FLYER DELIVERY CONTINUES THIS YEAR

Action Needed to Avoid Missing School-to-Home Communication

The Big News: Students' backpacks are lighter and parents are learning about school and community events and activities directly via email.

Info Request: Our school needs an email address for each student's custodial parent/guardian to send school information electronically. With an email address, parents receive school-approved flyers through Peachjar, our service provider. You can also click the Peachjar button on the school website to find and view flyers.
