

15th Annual Focus on the Future

About the Event

The 15th Annual Focus on the Future Showcase initiative seeks to raise student awareness regarding the importance of academic achievement related to career preparedness and to promote economic growth in Allegany County by keeping ACPS graduates locally employed with the necessary expertise to enter the job market. The showcase features auditorium-style presentations that revolve around career clusters.

Maryland's Career Clusters

Career clusters are groupings of interrelated occupations that represent a full range of career opportunities. They include:

- Business Management & Finance
- Health & Biosciences
- Information Technology
- Manufacturing, Engineering & Technology
- Arts, Media & Communication
- Consumer Services, Hospitality & Tourism
- Construction & Development
- Human Resources Services
- Transportation Technologies
- Environmental, Agricultural & Natural Resource Systems

Who, When, Where

Target Audience:
ACPS 8th Graders

Dates:
November 15, 2022
Braddock & Mt. Savage

November 16, 2022
Washington & Westmar

Location:
Allegany County Fairgrounds
Multi-Purpose Building

A number of local area business professionals participate in the showcase by providing each cluster with hands-on experiences for students that introduce them to a variety of workplace skills. Interested parties who would like to participate in the 15th Annual Focus on the Future Showcase should email Mia Cross at mia.cross@acpsmd.org.
