*These schools have been equipped with gas/oil combination and will use natural gas as the primary fuel as long as price and supply warrant.

Vendors should also be aware that we may have to top off some fuel oil storage tanks in preparation for tank testing as required by Maryland State Law. If this is the case, the tanks will most likely be tested in the Spring or Summer after the heating season. If the price per gallon for any oil delivered to top off the tanks is different than the regular delivery price, the Vendor should indicate the price differential in the original bid proposal.
