WHAT WILL THEY LEARN ?

Students will be instructed by qualified ACPS teachers. Many of the staff may be from your child's school! Each session will involve theme-based activities, but the focus will be on teaching **structured lessons in reading and math**. An interactive approach will be used to engage students in learning. All lesson activities will support your child's skill development and readiness for participation in the next grade level. Fun, age-appropriate activities will be included in each session.

Your child will be finished each day in time to enjoy the many activities of summer. While we understand families like to enjoy some down-time during the summer, WE HOPE YOU SEE THE VALUE IN THIS FANTASTIC OPPORTUNITY AND WILL CONSIDER GIVING YOUR CHILD THE EXTRA BENEFIT OF SHARPENING THEIR ACADEMIC SKILLS. Your child will get to see many of his / her friends, have fun, and learn!!

HOW WILL THEY GET THERE ?

Transportation by school bus will be provided from centralized locations (such as the home school site) to the Summer School sites. Parents may also choose to transport their children. Students who live within the mile radius of the school site should plan to walk or be transported by parents.

WHAT WILL BE PROVIDED?

All necessary learning materials and tools will be provided. Students will be given a meal each day provided by ACPS food service.

WHAT'S NEXT?

We look forward to seeing your child at one, two, or all three of our summer program sessions.

Please complete the attached form indicating your interest in each session and return it to your child's school.
