## WES Alumni Visits

## Many Thanks

Command Sergeant Major Brooke Martin, a WES alumna, recently visited the second grade class of her niece, Amiya Martin, to tell students about her 21+ years in the US Army. She showed the students some of the equipment used and clothing worn by a typical soldier. (Pictured is student, Ryder Hanlin.)

Westernport Faculty and Staff would like to express their appreciation to Mr. Derek Horne, the Westernport Elementary PTA, as well as students and parents who made the recent Teacher/Staff Appreciation Week so wonderful. We enjoyed the Farmer's Market, lunchtime food and other special treats. Thanks so much! We feel so very fortunate to be part of such a great school community. Thanks once again for making us feel so special.

## Orioles Fan #1

## Summer Cleaning

Our custodians, Tim Martin, head custodian; David Parker and Tara Smith will soon be busy with summer cleaning at WES so that the school will be bright and shiny in August. Our custodians literally empty every room of desks, tables, computers, books and other materials. Often teachers call the school to ask, "Are you done with my room yet?" so that they can come in to get a head start on organizing their rooms, which will help them to get ready for a successful year. We want to thank our custodians for all of their work during the summer and throughout the year.

Thanks to all who have donated **memorial books** to our school library during 2022-2023. If you wish to donate a book, you may find the form under the "Library" tab on the Westernport Home Page.

## Spring Fling, Earth Day, and the Stock Market Game

Staff from the Joint Training Facility came to Westernport Elementary on Friday, May 19, 2023 to provide a program for the PBIS Spring Fling. Students could earn as many as 10 tickets for the event from showing positive behavior in their classrooms, resource classes, hallways and the cafeteria.

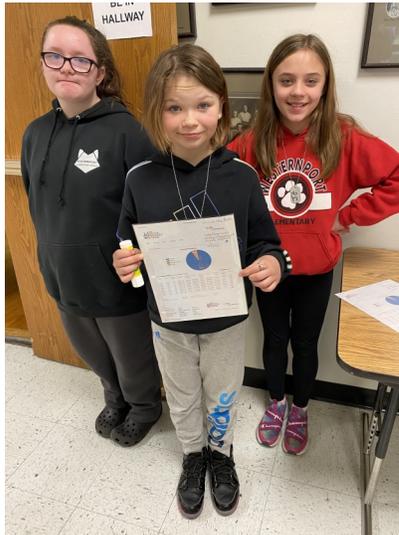

Students participated in activities throughout the day such as snookball, light battle, bubble soccer, archery tag, box hockey, laser tag, gaga ball, foot darts, human foosball, corn hole, ping pong, Connect 4, checkers, and inflatable axe throwing. Each student received a delicious treat from Kona Ice.

A great time was had by all.

Congratulations to fourth grade students, Jade Greenwald, Jaselynn Ravenscroft and Aurora Stephens, whose Stock Market Game team, the "Winnie the Poohs", finished 18th out of 295 teams in the North Region and 62nd of 742 teams at all grade levels.

Westernport Elementary had five teams participate in the year-long Stock Market Game, which is sponsored by the Maryland Council on Economic Education. Close behind the top WES team were "The Huskies", who placed in the top 10% of the 295 teams in the North Region. Fifth grade students, Brayden Lytle and Klarissa Paitsel, were the members of that team.

On April 25, 2023, students planted trees throughout the school property in celebration of Earth Day. All of the WES community will enjoy seeing these trees grow and provide shade.

## We Played Marbles! We Loved it!

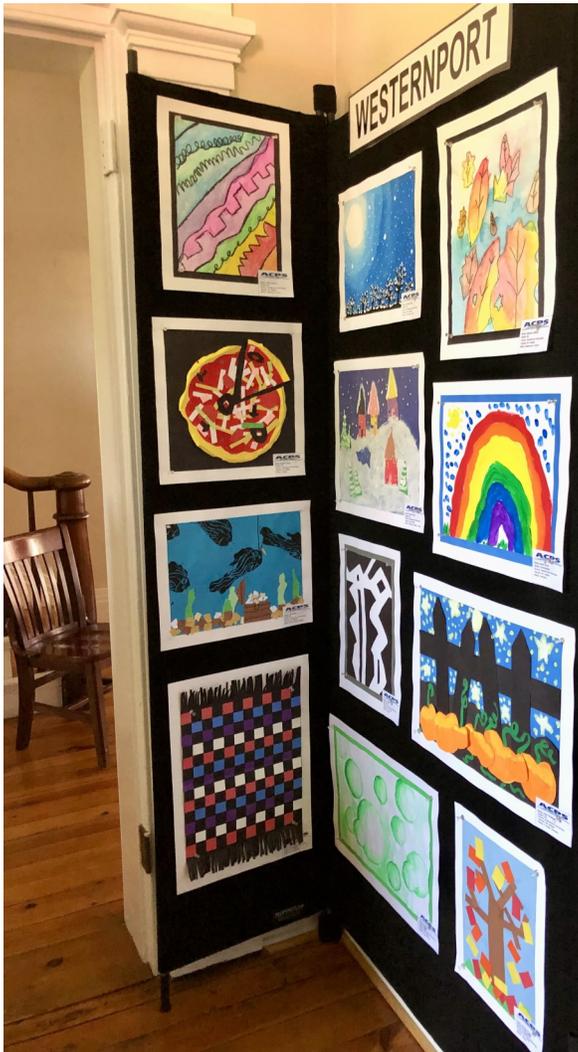

On April 14, 2023, students in grades 3, 4 and 5 learned about the game of marbles during the physical education classes of Mr. Josh Blowe. Cumberland natives Ricky Brode, who was 2009 National Marbles Champion when he was 14 years old, and Renee Mawhinney Truly, who has been involved in playing marbles since childhood (her dad, Rick Mawhinney, was the 1991 National Marbles Champion) were the instructors. They taught students how to play this game, which has been a favorite of children for centuries. The game of marbles is believed to have started with cave people playing with small rounded pebbles or balls of natural clay. Pictured (at left) is Colton Dawson; instructor, Ricky Brode and Brennan Whetzel. Shown at right is Tayler Getson with classmates Bailey and Peyton Cavey, who came to the city event to cheer for her!

## In the Arts...

Students from Westernport Elementary had artwork displayed at the annual "Allegany County Student Art Showcase" which was held at the C. William Gilchrist Museum of the Arts in Cumberland, MD. The museum was open to the public for two weekends in April 2023. Students who had work on display were: Kahlan Chojar, Kiya Chojar, Peyton Davis, Lily Dennis, Slate Guinn, Santana Kuhn, Addison Lafferty, Brantlee Pope, Dustlyn Rebar, Hillary Shapiro, Esther Smith, and Aaliyah Spiker.

*Congratulations!*

*Great Job!*

**A child is a person who is going to carry on what you have started.**

He or she is going to sit where you are sitting, and when you are gone, attend to those things which you think are important. You may adopt all the policies you please, but how they are carried out depends on him or her. They will assume control of your cities, states, and nations. They are going to move in to take control of your churches, schools, universities and corporations. All your books are going to be judged, praised, or condemned by them. The fate of humanity is in their hands.

## Our History: Recalling the Past to Inform the Present to Guide the Future!

2022-2023 was a year in which we recognized milestones in the history of Westernport Elementary School.

**August 2022** marked 30 years since the renovation of WES. (Students attended Westmar Middle and Barton Elementary during the 1991-1992 school year.) A program was held on October 18, 1992 to rededicate the building.

**November 9, 2022** was the 100th anniversary of the dedication of the school cornerstone during the construction of the building. A program was held on the front lawn of the school to commemorate the event. Students proudly wore 100th Anniversary Hoodies. A picture was taken to replicate the original ceremony to place the cornerstone, which was held November 9, 1922, while the building was still under construction.

**Finally, April 8, 2023** marked 65 years since our school building (the former Bruce High School) became an elementary school. Students moved out of Hammond Street School and into WES on April 8, 1958 and the school was renamed Westernport Elementary School.

To celebrate this milestone, grade five students at Westernport Elementary did a service project as a way of "giving back" to the local community. The students filled cake pans with items needed to bake a birthday cake (or any occasion cake...) after asking for donations of a cake mix of any kind, birthday candles, a container of any flavor of icing and/or a can of Sprite, which could be used instead of oil and eggs, if the recipient did not have either. The school provided the disposable 9x13 aluminum cake pans and lids. Students hoped to collect enough food items to create 65 containers, and they got pretty close to their goal, as well as received miscellaneous items. Donations of food items were accepted at the school and the Westernport branch of the Allegany Library System from April 12th through April 26th. A total of 244 pounds of food was donated to the Tri-Towns Food Pantry in Piedmont, WV.

A final event to conclude our yearlong celebration is to fill a time capsule with memorabilia from 2023, including our school yearbook. Suggestions are still welcome! Contact [Deborah.Hendrickson@acpsmd.org](mailto:Deborah.Hendrickson@acpsmd.org) to share your ideas.
