INTEGRATED EDUCATIONAL FRAMEWORK

Mission, Vision, and Core Values

Mission Statement

Flintstone Elementary School values active learning for all students through problem solving, technology infused, and engaging activities of choice to build self confidence in our students by facilitating positive interactions between students, staff, and community. Our staff and parents work together with courage to encourage students to be respectful, responsible, safe, and ready to listen and learn every day. We offer various parent involvement opportunities and make every effort to strengthen our community connection.

Vision

At Flintstone Elementary we strive for all of our students and staff to be compassionate, enthusiastic, and successful lifelong learners and our community to be involved, accepted, and thriving.

Core Values

High levels of community involvement
Positive interactions within our school community
Frequent active learning opportunities
Inclusion of ALL students

Allegany County Public School
2018 – 2019 School Improvement Plan

A. VISION, MISSION, CORE VALUES, AND LEADERSHIP

1. What is the role of the principal in the School Improvement Process at your school?
 - a. The principal leads the process of data diving to obtain goals and facilitates conversations with th determine areas of improvement for our school. Mrs. Morgan communicates the areas of strengt needs that she observes throughout the building with staff members, so that we can improve as a
2. What is the purpose of your school leadership team in the School Improvement Process?
 - a. The purpose of the school leadership team is focusing on our academic progress. The leadership t communicates where we are succeeding and what we need to improve upon. They provide resou training to staff members for each student to achieve our stated goals.
 - b. Does your school improvement team (SIT) represent your entire school community, including parents/guardians? Yes, our school improvement team is made of all the instructional staff memt the building, including instructional aides, and welcomes parent input through a parent represent
3. What additional opportunities exist for everyone in your school community to meaningfully participate i decision-making processes?
 - a. Throughout the school year multiple surveys are sent home for parents to convey their thoughts we are doing as a school. These surveys are used in deciding if we should continue with certain ac not continue with the activity or make changes. As a Title I school, we seek input from families req current programs, ideas/suggestions regarding what parents need school staff to do to help parer their children at home and opportunities to provide input on the family/school compact as well a school improvement plan.
4. What is the process for developing a shared understanding and commitment to the vision, mission, and c values within the school and community?
 - a. Every staff member took part in revising our vision, mission and core values this year. We brainst what our goals were for our school and community and discussed how those goals would be achie mission, vision, and core values are on our home school compact that each parent, teacher, and s signs.
5. When did the last periodic, collaborative review of the vision, mission, and core values by stakeholders c
The last review ocured on August 27, 2018.

Allegany County Public School
2018 – 2019 School Improvement Plan

6. Have you adjusted the school’s mission and vision to changing expectations and opportunities for the school to meet the changing needs and situations of students? If so, why?
 - a. Our mission and vision statement were changed this year. We have a more diverse community than we have had before, which required there to be an update to our previous statements. Our new mission statement is more focused on the connection between home and school to create successful learners. Our vision statement also emphasizes the need for diverse learning through problem solving because we want to prepare our students to become thinkers that can work collaboratively.

B. Culture, Climate, and Inclusive Community

School climate and culture have a profound impact on student achievement and behavior and reflects the school community. Positive and sustainable school climate fosters learning and youth development.

School climate refers to the character and quality of school life that is centered on patterns of students, staff and parent experiences of school life. School climate refers to a school’s social, physical, and academic environment. It refers to more than just how the school makes people feel. Examples: Do they feel safe, welcomed, and connected?

School culture is a set of goals, norms, values, beliefs and teaching and learning practices that reflect the organizational structure. A related concept is school culture, which refers to the “unwritten rules and expectations” among the school community (Gruenert, 2008).

Broadly defined, positive school cultures are conducive to professional satisfaction, morale, and effectiveness, as well as to student learning, fulfillment, and well-being. The following examples are commonly associated with positive school cultures:

- The individual successes of teachers and students are recognized and celebrated.
- Relationships and interactions are characterized by openness, trust, respect, and appreciation.

In addition, in accordance with the Code of Maryland Regulations (COMAR) 13A.01.04.03 all students in Maryland’s schools, without exception and regardless of race, ethnicity, region, religion, gender sexual orientation, language, socioeconomic status, age, or disability have the right to educational environments that are:

**Allegany County Public School
2018 – 2019 School Improvement Plan**

- A. Safe
- B. Appropriate for academic achievement; and
- C. Free from any form of harassment.

rative or bulleted form, address your school’s climate, culture, and inclusive community.

Students, families, staff and administration of Flintstone Elementary work together each day to build and maintain a positive climate at our school. The areas of safety, positive school relationships, teaching and learning, as well as the overall environment are areas on

Parent communication with parents and community is key in maintaining positive relationships with the families of our students. These relationships further enhance the school climate and culture we work to create.

- Assignment notebooks
- Facebook and School web page
- Homework folders used school wide
- Home school compact
- Monthly Newsletters
- Communication Log
- Frequent use of praise notes to students and to families

Students and teachers share high expectations for all students and work jointly to support the standards that are addressed at all grade levels. Students and their family members attend classroom and school events and parent/community volunteers are plentiful, confirming that home relationships are strong.

- Family engagement STEAM night
- Parent Conferences using a grade level standards expectation document provided by the Title I office
- Math and ELA parent activities
- Holiday celebrations and programs
- Grandparents’ Day celebrations

Allegany County Public School 2018 – 2019 School Improvement Plan

Career Day presenters using family and school community members

Teachers also work to build positive relationships with students so that they feel welcome and comfortable in their surroundings. A sense of trust and students feel emotionally safe when seeking support. Teachers and staff members know and understand the unique emotional needs of students and demonstrate care and empathy when working daily with each child. An environment of respect is obvious when entering a classroom in this school. Classroom dialogue promotes respect of diverse perspectives and students are encouraged to engage in activities to their potential. Teachers use specific instructional strategies that engage all students and create an inclusive atmosphere. We take pride in supporting our students and support one another in being co-leaders and co-learners.

Use of Facebook to highlight students and classroom activities

Positive phone calls/communication with families

Personal notes written on all report cards by teachers and principal

Parent involvement at Flintstone Elementary is a vital part of three communities and is supported not only by our families but also by civic organizations, clubs and businesses. Our volunteer program is vital to the success of our students and teachers. The volunteers not only assist weekly in volunteer work but also act as mentors to our students throughout the year. The culture our volunteers help create at Flintstone makes our school unique through their contributions.

- Classroom volunteers
- Oldtown VFW Teacher of the Year recognition program

, well-being, and safety is another priority at our school. Flintstone Elementary takes into consideration the safety and welfare of all children. Safety drills are reviewed and practiced regularly to create a culture of preparedness in which students and staff feel confident and capable of making effective decisions in the event of an emergency situation. Staff members are also diligent in reminding students of our school rules (Be Responsible, Be Respectful, Be Safe, Be Ready to Listen and Learn). This helps to keep behavior issues to a minimum and allow our students to feel confident that they attend a school where bullying, harassment, and intimidation will not be tolerated. The counselor and school psychologist, along with other parts of the school support team in working with individual students, small groups and classrooms to prevent behaviors, to address behaviors, and to provide a follow up to behavior difficulties.

- PBIS (school rules)
- Pupil Service Team
- School Resource Officer
- Regular Safety Drills
- Project Fit America

C. Student and/or Staff Engagement Action Plan

Student and/or Staff Engagement Action Plan

<p>Key areas of needed improvement: What is/are the issue (s) that needs to be addressed?</p>	<p>Morale: Flintstone staff feels that the work environment could be more positive and fun. They feel unappreciated by administration and other staff members.</p> <p>Engagement: Staff members feel that there isn't adequate time to communicate effectively in the building with other staff members. They also feel discouraged to speak freely amongst staff members.</p>
<p>Activities: What steps will be taken to obtain the desired outcome(s).</p>	<p>Morale: Monthly activities are planned for staff members to gather together and enjoy one another's company. The Sunshine and Sparkler Awards will be given to staff members monthly to boost staff morale. A teacher is nominated each year for the VFW Teacher of the Year recognition program. Staff is provided the opportunity to nominate a teacher for the ACPS Teacher of the Year award. Administration will continue to recognize staff for their contributions and personal successes by writing personal notes to staff members. Staff members are encouraged to do the same to all colleagues.</p> <p>Engagement: Collaborative meetings are scheduled weekly for grade level teams to meet with special education staff and math/reading specialist. Team meetings are held weekly with administration and math/reading specialist. A bulletin board in the faculty room has been updated to include important events and updates for staff.</p>

**Allegany County Public School
2018 – 2019 School Improvement Plan**

<p>ve leader and team: Who is responsible and involved in the work?</p>	<p>The School Improvement Team, PBIS team, and administration are responsible for implementing and evaluating the programs to increase staff morale and engagement.</p>
<p>Resources: What investments (people, money, time, etc) will be needed to support the initiative(s) and strategies/activities) to achieve the desired outcome(s)?</p>	<p>Morale: Staff members are responsible for planning monthly social activities for staff. Administration and PBIS team are responsible for monitoring the Sparkler and Sunshine Awards and presenting staff with awards. Staff will need to nominate colleagues for monthly awards. Small mementos and certificates will be needed for awards.</p> <p>Engagement: Staff members will meet weekly during their scheduled time with specialists, administration, and special education staff to plan and communicate. Staff and committees contribute to the bulletin board in the staff lounge.</p>
<p>Outcomes: What are the major events or accomplishments for this?</p>	<p>Staff will feel more positive about the Flintstone School environment and sharing their opinions and ideas. Staff will feel more appreciated by staff administration and other staff. Educators feel more informed about instruction and student progress and needs. The mid-year survey results will provide information towards achieving the Morale and Engagement goals. End-year survey results will be used to determine if goals have been met.</p>
<p>Performance Metrics: What will you use to gauge progress on your goals and to determine if the desired goal has been met?</p>	<p>School Improvement Team Leader will produce a mid-year and end-year survey for staff containing the same questions from the Engagement and Morale sections of the Employee Engagement Survey. The staff will analyze the results from the surveys and make recommendations for change as needed.</p>

**Allegany County Public School
2018 – 2019 School Improvement Plan**

<p>ne: Include dates for mentation of action steps.</p>	<p>Monthly Social Event August 11, 2018 Collaborative Planning: August 27,2018 (weekly) Sunshine/Sparker Awards; September 24, 2018 (monthly) Grade Level Team Meetings: September 10, 2018 (weekly) Staff Praise Notes from administration and other staff members(daily) Salad days (monthly) School Spirit Days (periodically) VFW Teacher of the Year recognition program: Spring, 2019 ACPS Teacher of the Year recognition: Spring, 2019 Mid-year survey- February 2019 End Year Survey- June 2019</p>

Limited English Proficient (LEP)	n/a	n/a	n/a	n/a	n/a
Free/Reduced Meals (FARMS)	>95%	94.5%	94.7%	94.6%	

Describe where challenges are evident. In your response, identify challenges in terms of grade band(s) and subgroups, especially Special Education, FARMS, ELL and lowest attending.

- a. The biggest challenge was with the subgroup of two or more races. There was a percent change of -10%. This is part to the low numbers of students within the subgroup, causing the gap to appear larger when it is actually a small change when looking at the numbers.

Describe 2-3 strategies/processes that will be used to ensure sufficient progress and include a timeline.

Students with perfect attendance are awarded with a certificate and a charm. These certificates are given out each quarter. We are going to have our PBIS incentives on ½ days if possible, hoping that students will not want to miss out on a fun activity. We noted that school attendance on ½ days has numerous absences so the PBIS incentive may also serve as an attendance incentive. Incentives are held monthly.

Our Pupil Services Team monitors attendance weekly. Team members make contact with families where concerns are noted including numerous absences, tardiness and/or early dismissals. Families receive letters from the Pupil Personnel Worker requesting conferences when attendance becomes a concern for any student. The school nurse makes contact with families regarding absences, particularly when a child has been out for 3 or more consecutive days.

Parents are encouraged and reminded regularly to attempt to make appointments before or after school or on days school is closed to avoid children missing valuable instruction time.

HABITUAL TRUANCY

The Code of Maryland Regulations COMAR 13.08.01.04 states that a student is an habitual truant if (a) the student is unexcusedly absent from school for a number of days, or portion of days in excess of 20 percent of the school days within any marking period.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

semester, or year. Habitual truancy means a student that meets all the following criteria (b) The student was absent 5 to 20 days during the school year; (c) The student was in membership in a school for 91 or less days.

on the Examination of the Habitual Truancy Data, respond to the following:

How many students were identified as habitual truants?

How many schools had no students identified as habitually truant.

What are the reasons and specific changes/adjustments in place to reduce the number of habitually truant students.

How to continue this trend:

- *weekly monitoring of attendance by the Pupil Services Team
- *phone contacts by counselor to families regarding excessive absences/early dismissals/tardiness
- *letters to families from administration regarding absences/early dismissals/tardiness
- *recognition of students for perfect attendance quarterly
- *parent/teacher conferences to include discussion of attendance concerns
- *Parent/Family compact references good attendance as a criteria for student success

**Allegany County Public School
2018 – 2019 School Improvement Plan**

SCHOOL SAFETY/ SUSPENSIONS

Suspension – In school and out of school suspensions

School Safety – Suspension for Sexual Harassment, Harassment, and Bullying

Complete the table for in school and out of school suspensions, offenses pertaining to sexual harassment, and offenses bullying/ harassment. Calculate the annual change by taking difference of 2016-27 and 2017-28 and dividing by 2016-2017. Represent as + or - based on increase or decrease of data.

Table 9

**Allegany County Public School
2018 – 2019 School Improvement Plan**

SUSPENSIONS				
Subgroup	All Students			
	2015-2016	2016-2017	2017-2018	Percent Change from 2017 to 2018
Total Referrals	<u><10</u>	<u><10</u>	<u><10</u>	0
All Suspensions	<u><10</u>	<u><10</u>	<u><10</u>	0
In School	<u><10</u>	<u><10</u>	<u><10</u>	0
Out of School	<u><10</u>	<u><10</u>	<u><10</u>	0
Sexual Harassment Offenses	<u><10</u>	<u><10</u>	<u><10</u>	0
Harassment/Bullying Offenses	<u><10</u>	<u><10</u>	<u><10</u>	0

Comment on the number of suspensions for your school related to these incidents and provide a plan to reduce that number if applicable.

As indicated in above chart, incidents at Flintstone are very few. We continue to work with students on a daily basis when a concern is brought to our attention. We also utilize the expertise of the administration, school counselor, our school psychologist, the county behavior specialist, as warranted. Our continued emphasis on positive behaviors as well as use of designated staff members to react in a proactive manner helped us to keep these numbers so low. We also work and communicate frequently with families when a concern arises to address the problem before it becomes a larger issue. The Learning Assistance Program (LAP) has been an effective program for our students in helping them have behavior support when needed. Our school also benefits from the partnership with the Allegany County Health Department in providing counseling services to students. This year, in an effort to assist students having difficulties in unstructured areas such as the cafeteria, lunch times have been provided in a small group setting with an adult present to provide a more quiet area to eat and have personal time.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

sations. This has been quite successful during the first quarter of the year in helping many students reduce behavior referrals as well as have a more pleasant lunch time experience.

The staff team continues to promote the use of sparklers to recognize efforts of students in following the established 4 rules. These sparklers are given to students who “purchase” items in the school store monthly. Parent volunteers come in one day each month to open the store and allow children to earn a reward for their behaviors. Monthly celebrations are conducted to recognize students without referrals during the month. These celebrations include special crafts, dances, photo booths, etc. Teachers also select Students of the Month to recognize a child in their classroom who demonstrates various character traits. These students receive a certificate, a dog tag, as well as recognition on a main bulletin board and a post on the school’s Facebook page.

EARLY LEARNING

A. Complete the chart with KRA results.

LO

Based on the examination of the 2018-2019 R4K Kindergarten Readiness Assessment Data:

Describe the school’s plans, including any changes or adjustments that will be made, for ensuring the progress of students begin kindergarten with Emerging Readiness or Approaching Readiness as determined by the Maryland Kindergarten Readiness Assessment. Include a discussion of the best practices your school has implemented to address the achievement gaps in the Kindergarten Readiness Assessment data and the data that will be collected to show that the best practices have been effective.

Of the 31 children tested with the KRA, only 16 of those students attended school in the Pre-K program last year. Prior information notes that the 15 children not in the Pre-K program at Flintstone School were in private Pre-K/day care (13 for at home or by a family member (31%), or enrolled in Head Start (2%).

KRA overall score	# of children enrolled in PreK	# of children cared for at home or by family	# of children enrolled private Pre-K/ day care or Head Start
Demonstrating Readiness	5		1

**Allegany County Public School
2018 – 2019 School Improvement Plan**

Approaching Readiness	8	3	4
Emerging Readiness	4	6	

The numbers indicate that children who are able to participate in a formal Pre-K program do enter kindergarten with skills that are needed for a successful start to his/her school career.

Best practices in place to help early learners experience success include:

- Universal Design for Learning principles
- Various instructional groups to help students have multiple opportunities to demonstrate learning
- Frequent monitoring of student progress and adjustments made in instruction to address needs
- Formal reading intervention programs for identified students
- Consultation with support personnel such as speech therapist, occupational therapists, physical therapists, behavioral specialists for teachers to learn strategies to implement in the classrooms

be how the school is working in collaboration with their local preschool partners (i.e., Judy Centers, Preschool Special Education sites; Head Start; Child Care Programs) to ensure that children are entering kindergarten “demonstrating readiness”.

Parents receive information from the Judy Center and Infants and Toddlers program regularly to share information about early learning ideas for helping children at home as well as programs that are offered in the county in which parents may participate. The monthly school newsletter features early learning articles to provide parents with activities that can be done at home to continue learning opportunities.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

Due to our school location and daily schedule, it is not possible for 4 year old children to enroll in Head Start and Pre-K at Flintstone. It is noted that few families in the Flintstone district enroll children in Head Start due to the travel distance for youngsters to go each day to a Head Start Center. Also, due to location and travel time, many parents do not have the opportunity to enroll children in our Pre-K program as transportation is only provided one way. It is not feasible for many to find someone to travel from Oldtown, Little Orleans and outlying areas to pick up their children at the end of the morning session. Our school would be an ideal site for an all day Pre-K pilot program to not only ease the transportation burden on parents, but to provide more educational and related services to our youngest learners.

ACADEMIC PROGRESS

Maryland remains committed to addressing significant gains and progress for all students. As part of the 2017 Bridge to Excellence Master Plan Annual Update, LEAs are required to analyze their State assessment data, and implementation c

**Allegany County Public School
2018 – 2019 School Improvement Plan**

objectives and strategies to determine their effect on student achievement and classroom practices. Schools in Allegany are required to do the same.

2. Analyze the data results for ELA 3-5; 6-8; 10 to determine underperforming areas. Include FARMS, SE and other selected focus subgroups in your analysis.

- a. Analyze Data Results and Strategy Implementation from 2017-2018 SIP. Were the identified goal(s) met? If so the goal be sustained?
 The identified goal of 70% of IEP students in grades 3, 4, and 5 increasing at least one performance level on I during the 2017-18 testing year was not met.

Describe the gains made in focus areas.

The number of 4th grade IEP students at the proficient and approaching levels increased. The proficient percentage from 0% to 11.1% and the approaching percentage improved from 25% to 33.3%.

Based on this year’s data, describe the UDL strategies in the 2017-2018 plan that proved most effective?

- Flex groups
- Use of GRR Model
- ConnectEd

- b. Establish Focus Areas

**Allegany County Public School
2018 – 2019 School Improvement Plan**

- Use The Five Whys to determine the Root Cause(s) and the ACPS Goal Planning Process to address Achievement Gaps.
1. **Grade 3 FARMS and IEP-** Students need additional practice identifying main idea of a text and supporting details
 2. **Grade 4 FARMS and IEP-** Students have limited experience providing a summary of text including main supporting details.
 3. **Grade 5 FARMS and IEP-** Students do not have enough practice and exposure with determining main ideas of a supporting details and producing a summary of the text.
 4. **Grade 3,4, and 5 males** - Male students need additional practice identifying main idea of a text with supporting

Determine focus standards by using the Evidence Statement Analysis through Pearson Access Next published reports.

- Grade 3: RI.2
- Grade 4: RI.2
- Grade 5: RI.2

Implement data from the DMRS in the Goal Planning Process.

Use the ACPS Goal Planning Process

DE 3 FARMS/IEP

ISSUE AND DATA	There is a gap between FARMS and non-FARMS on the PARCC. 20% of FARMS achieved a 4 or 5 on the PARCC while 60% of non-FARMS achieved a 4 or 5 on PARCC. This is a gap of 40%. There is a gap between IEP and non-IEP students on PARCC. 18.2% of IEP students scored a 4 or 5. 50% of non-IEP students scored a 4 or 5 on PARCC. This presents a gap of 50%.
IDENTIFIED GOAL	The goal is to close the achievement gap between FARMS and non-FARMS student and IEP and non-IEP students.
ANALYSIS AND BARRIERS TO ATTAINMENT	According to the analysis, students need more exposure to main idea and detail questions with a focus on informational text. Teachers need a bigger availability of PARCC like questions to ask students pertaining to main idea

**Allegany County Public School
2018 – 2019 School Improvement Plan**

	and detail. Students need to have more practice answering multi step questions.
STEPS AND STRATEGIES	Teachers will work with Jayme Rollins (ELA specialist) to develop PARCC like questions. Teachers will model how to answer multi step main idea and detail questions. Students will use the questions developed by teachers to have more practice answering multi-step prompts.
RESOURCES	Use of Raz kids, Treasures text dependent questions, News ELA, Readworks, The Reading and Writing Strategies Book by Jennifer Serravallo, Jayme Golliday - ELA specialist, resources from Perfection Learning (NGSS aligned leveled readers), Scholastic News Non-fiction readers
IMPLEMENTATION, DATES, AND MONITORING	Raz kids - weekly Text dependent question - weekly Reading Benchmarks - quarterly Reading Inventory- quarterly
EVALUATION	

GRADE 4 FARMS/IEP

ISSUE AND DATA	There is not a gap between FARMS and non-FARMS on the PARCC. There is a gap between IEP and non-IEP students on the PARCC. 11.1% of IEP students achieved a 4 or 5 on the PARCC while 65.6% of non-IEP students achieved a 4 or 5 on PARCC. This is a gap of 54.5%.
IDENTIFIED GOAL	The goal is to maintain the performance of Farms and non-FARMS and

**Allegany County Public School
2018 – 2019 School Improvement Plan**

	increase the number of IEP students scoring a 4 or above.
ANALYSIS AND BARRIERS TO ATTAINMENT	According to the analysis, there is not a significant gap between Farms and non-FARMS, however there is a significant gap between IEP and non-IEP. IEP students need to read more informational text and identifying the main idea and supporting details. Many of the IEP students are reading less complex text on their level and are not accustomed to the difficult text and questions on the PARCC assessment.
STEPS AND STRATEGIES	Teachers will work with Jayme Rollins (ELA specialist) to develop PARCC like questions. Teachers will model how to answer multi step main idea and detail questions. Students will use the questions developed by teachers to have more practice answering multi-step prompts.
RESOURCES	Use of Raz kids, Readworks, News ELA, Scholastic News, Drop Everything and Read (DEAR)
IMPLEMENTATION, DATES, AND MONITORING	Raz kids - weekly Text dependent question - weekly Reading Benchmarks - quarterly Reading Inventory- quarterly
EVALUATION	

GRADE 5 FARMS/IEP

**Allegany County Public School
2018 – 2019 School Improvement Plan**

ISSUE AND DATA	There is a gap between FARMS and non-FARMS on the PARCC. 25% of FARMS achieved a 4 or 5 on the PARCC while 52% of non-FARMS achieved a 4 or 5 on PARCC. This is a gap on 27%. There is a gap between IEP and non-IEP students. 0% of IEP students achieved a 4 or 5 on PARCC while 50% of non-IEP students scored a 4 or 5. This is a gap of 50%
IDENTIFIED GOAL	The goal is to increase the number of FARMS and IEP students achieving a 4 or above on the PARCC assessment.
ANALYSIS AND BARRIERS TO ATTAINMENT	According to the analysis, students need practice and exposure with determining main ideas of a text, with supporting details and producing a summary of the text. Teachers need a bigger availability of PARCC like questions to ask students pertaining to main idea and detail. Students need to have more practice summarizing with details using informational text.
STEPS AND STRATEGIES	Teachers will work with Jayme Rollins (ELA specialist) to develop PARCC like questions. Teachers will model how to answer multi step main idea and detail questions. Students will use the questions developed by teachers to have more practice answering multi-step prompts.
RESOURCES	Use of Raz kids, Readworks, News ELA, Scholastic News, Jayme Golliday - ELA specialist, resources from Perfection Learning (NGSS aligned leveled readers), Scholastic News Non-fiction readers
IMPLEMENTATION, DATES, AND MONITORING	Raz kids - weekly Text dependent question - weekly Reading Benchmarks - quarterly Reading Inventory- quarterly
EVALUATION	

**Allegany County Public School
2018 – 2019 School Improvement Plan**

GRADE 3,4,5 Male

ISSUE AND DATA	There is a gap between female and male students on the PARCC. 57.9% of female 3rd graders performed at a 4 or above while 22.3% of male 3rd grades performed at a 4 or above. The gap is 35.6%. 68.4% of female 4th graders performed at a 4 or above while 40.9% of male 4th graders performed at a 4 or above. The gap is 27.5%. 73.3% of female 5th graders performed at a 4 or above while 19.2% of male 5th graders performed at a 4 or above. The gap is 54.1%. The average gap between 3rd, 4th, and 5th female and male students is 39.1%
IDENTIFIED GOAL	The goal is for the gap between female and male students on PARCC.
ANALYSIS AND BARRIERS TO ATTAINMENT	According to the analysis, male students need more experience providing a summary of text including main idea and supporting details. Teachers need a bigger availability of PARCC like questions to ask students pertaining to main idea and detail. Students need to have more practice summarizing informational text.
STEPS AND STRATEGIES	Teachers will target male students during writing instruction. Teachers will provide male students with text passages that interest them. Teachers will work with Jayme Rollins to create more PARCC like questions pertaining to main idea and detail. Male students will get more practice in small group setting to summarize informational text. Teachers will have one-on-one writing conferences with students.
RESOURCES	Use of Raz kids, Readworks, News ELA, Scholastic News, Jayme Golliday - ELA specialist, resources from Perfection Learning (NGSS aligned leveled readers), Scholastic News Non-fiction readers

**Allegany County Public School
2018 – 2019 School Improvement Plan**

IMPLEMENTATION, DATES, AND MONITORING	Raz kids - weekly Text dependent question - weekly Reading Benchmarks - quarterly Reading Inventory- quarterly
EVALUATION	

c. To Be Completed when 2019 PARCC data is available

- Based on the implementation outcome (s), has the identified goal been reached?
- If the identified goal has been reached, how will capacity be sustained?

3. Universal Design for Learning for ELA.

How will UDL be used in the classroom to support attainment of your goals? Reflect upon the strategies last year’s plan to determine the effectiveness of the strategies. Edit the list accordingly. List 3-5 strategies each UDL principle/mode that will be used consistently during instruction to reduce barriers to learning and provide positive academic outcomes for all students.

Table 13	
UDL Principle/Mode	Representation – This is how the teacher presents the information.
<i>Means of Representation: Providing the learner various ways of acquiring information and knowledge.</i>	Modeling how to answer questions Read a variety of text for different interests Post content, language, vocabulary and social purpose ConnectEd ALL classrooms
Means for Expressions:	Expression/Action- This is how the student will demonstrate their knowledge.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

<p><i>providing the learner alternatives for demonstrating their knowledge and skills (what they know).</i></p>	<p>Writing written responses using different organizers and media Writing using a rubric Constructing models GRR model</p>
<p>Means for Engagement: <i>Tap into learners interests, challenge them appropriately, and motivate them to learn.</i></p>	<p>Multiple Options for Engagement</p> <p>Raz kids Cooperative learning GRR model</p>

**Allegany County Public School
2018 – 2019 School Improvement Plan**

B. MATHEMATICS

1. Math Data Overview

Long Term Goal: To prepare 100% of students to be college and career ready by graduation.

Short Term Goal: To reduce the gap for FARMS, Special Education and other low performing subgroups.

Math – Proficiency Data (Elementary, Middle and High Schools)

2. Analyze the data results for Math 3-5; 6-8; Algebra I to determine underperforming areas. Include FARMS, SE and other selected focus subgroups in your analysis.

Allegany County Public School 2018 – 2019 School Improvement Plan

Analyze Data Results and Strategy Implementation from 2017-2018 SIP.

Were the identified goal(s) met? If so, how will the goal be sustained?

- The goal 70% of FARM students in grades 4 & 5 will increase at least one performance level on PARCC Math during the testing year has not been met.

Describe the gains made in focus areas.

- Students had more opportunities to practice math skills using the Imagine Math program
- The number of IEP students in grades 3 (27.3%),4 (25%),and 5 (11.1%) at the approaching performance level increased

Based on this year's data, describe the UDL strategies in the 2017-2018 plan that proved most effective?

- Flexible Grouping
- Using math manipulatives
- Teaching problem solving strategies
- Imagine math aligned pathways

Establish Focus Areas

Use The Five Whys to determine the Root Cause(s) and the ACPS Goal Planning Process to address Achievement Gaps.

1. **Grade 3 Farms**- Not all FARMS students have lessons on Imagine Math that meet their math needs (primary level)
2. **Grade 3 IEP** - IEP students do not have the skills to solve multi-step problems
3. **Grade 4 Farms** - FARMS students are given limited opportunities to use models to assist with reasoning
4. **Grade 4 IEP** - IEP students are given limited opportunities to use models to assist with reasoning
5. **Grade 5 Farms**- FARMS students are given limited opportunities to use models to assist with reasoning
6. **Grade 5 IEP** - IEP students are not receiving adequate teacher directed small group instruction
7. **Grade 3, 4, 5 meeting proficient on PARCC** - Students are not using math strategies consistently across grade level

Determine focus standards by using the Evidence Statement Analysis through Pearson Access Next published reports.

Grade 3: NBT.A.1,NBT.A.2, NBT.A.3, OGL Modeling and Reasoning

Grade 4: NBT.A.1, NBT.B.4, NBT.B.5, NBT.B.6, OGL Modeling and Reasoning

**Allegany County Public School
2018 – 2019 School Improvement Plan**

Grade 5: NBT.A.1, NBT.A.2, NBT.A.3, NBT.B.5, OGL Modeling and Reasoning
Implement data from the DMRS in the Goal Planning Process.

Use the ACPS Goal Planning Process
Please include the following:

GRADE 3 FARMS

ISSUE AND DATA	There is a gap between FARMS and non-FARMS on the PARCC. 31.6% of FARMS achieved a 4 or 5 on the PARCC while 61.1% of non-FARMS achieved a 4 or 5 on PARCC. This is a gap of 29.5%.
IDENTIFIED GOAL	The goal is to increase the number of FARMS students achieving a 4 or above on the PARCC assessment.
ANALYSIS AND BARRIERS TO ATTAINMENT	According to the data, students need a more individualized path on Imagine Math. This will lead to students building the necessary skills for problem solving. Students need to journal their modeling and reasoning when solving math

**Allegany County Public School
2018 – 2019 School Improvement Plan**

	problems.
STEPS AND STRATEGIES	Teachers will provide students with notebooks to help show their modeling and reasoning when solving math problems. Mandy Schall will continue work with teacher on Imagine Math to ensure each student is on the correct pathway. Students will complete one entry in their notebook each week. The entry will show their modeling and reasoning for a word problem on Imagine Math. Teachers will model whole group what an entry should look like.
RESOURCES	Materials to teach strategies and interactive math notebooks with multi-step modeling and reasoning problems. Mandy Schall - math specialist
IMPLEMENTATION, DATES, AND MONITORING	Imagine Math - 3 days a week Math journal for problem solving and modeling and reasoning - 3 days a week
EVALUATION	

GRADE 3 IEP

ISSUE AND DATA	There is a gap between IEP students and non-IEP students on the PARCC. 18.2% of IEP students achieved a 4 or 5 on the PARCC while 42.3% of non-IEP students achieved a 4 or 5 on PARCC. This is a gap on 39.5%.
-----------------------	---

**Allegany County Public School
2018 – 2019 School Improvement Plan**

IDENTIFIED GOAL	The goal is to close the achievement gap between IEP and non-IEP students on the PARCC assessment.
ANALYSIS AND BARRIERS TO ATTAINMENT	According to the data, students need more opportunities to solve multi-step word problems to lead to understanding and accuracy.
STEPS AND STRATEGIES	Teachers will among grade levels will work together to use the same vocabulary and solve multi-step words problems the same in each grade. Teachers will model for students how to solve a multi-step problem. Students in grades k-2 will be using formative instructional and assessment tasks that are aligned with PARCC. Students will be given many opportunities to use manipulatives to help solve problems.
RESOURCES	Math interactive notebooks and journaling responses to show modeling and reasoning when using Imagine Math. Materials for multi-step word problems. Mandy Schall - math specialist
IMPLEMENTATION, DATES, AND MONITORING	Imagine Math - 3 days a week Math journal for problem solving and modeling and reasoning - 3 days a week
EVALUATION	

**Allegany County Public School
2018 – 2019 School Improvement Plan**

GRADE 4 FARMS

ISSUE AND DATA	There is a gap between FARMS and non-FARMS on the PARCC. 20.7% of FARMS achieved a 4 or 5 on the PARCC while 33.3% of non-FARMS achieved a 4 or 5 on PARCC. This is a gap of 12.6%.
IDENTIFIED GOAL	The goal is to increase the number of FARMS achieving a 4 or above on the PARCC assessment.
ANALYSIS AND BARRIERS TO ATTAINMENT	Teachers need the knowledge on how to effectively use a variety of manipulatives to allow students to better model and reason when solving multi-step word problems.
STEPS AND STRATEGIES	Teachers will among grade levels will work together to use the same vocabulary and solve multi-step words problems the same in each grade. Teachers will model for students how to solve a multi-step problem. Students in grades k-2 will be using formative instructional and assessment tasks that are aligned with PARCC. Students will be given many opportunities to use manipulatives to help solve problems.
RESOURCES	Materials to teach strategies and interactive math notebooks with multi-step modeling and reasoning problems. Manipulatives for modeling. Mandy Schall - math specialist
IMPLEMENTATION, DATES, AND MONITORING	Imagine Math - 3 days a week Math journal for problem solving and modeling and reasoning - 3 days a week
EVALUATION	

**Allegany County Public School
2018 – 2019 School Improvement Plan**

GRADE 4 IEP

ISSUE AND DATA	There is a gap between IEP students and non-IEP students on the PARCC. 11.1% of IEP students achieved a 4 or 5 on the PARCC while 28.1% of non-IEP students achieved a 4 or 5 on PARCC. This is a gap on 17%.
IDENTIFIED GOAL	The goal is to increase the number of IEP students receiving a 4 or above on the PARCC assessment.
ANALYSIS AND BARRIERS TO ATTAINMENT	Teachers need the knowledge on how to effectively use a variety of manipulatives to allow students to better model and reason when solving multi-step word problems.
STEPS AND STRATEGIES	Teachers will among grade levels will work together to use the same vocabulary and solve multi-step words problems the same in each grade. Teachers will model for students how to solve a multi-step problem. Students in grades k-2 will be using formative instructional and assessment tasks that are aligned with PARCC. Students will be given many opportunities to use manipulatives to help solve problems.
RESOURCES	Materials to teach strategies and interactive math notebooks with multi-step modeling and reasoning problems. Manipulatives for modeling. Mandy Schall- math specialist

**Allegheny County Public School
2018 – 2019 School Improvement Plan**

IMPLEMENTATION, DATES, AND MONITORING	Imagine Math - 3 days a week Math journal for problem solving and modeling and reasoning - 3 days a week
EVALUATION	

GRADE 5 FARMS

ISSUE AND DATA	There is a gap between FARMS and non-FARMS on the PARCC. 10% of FARMS achieved a 4 or 5 on the PARCC while 28.6% of non-FARMS achieved a 4 or 5 on PARCC. This is a gap on 18.6%
IDENTIFIED GOAL	The goal is to increase the number of FARMS receiving a 4 or above on the PARCC assessment.
ANALYSIS AND BARRIERS TO ATTAINMENT	Teachers need the knowledge on how to effectively use a variety of manipulatives to allow students to better model and reason when solving multi-step word problems
STEPS AND STRATEGIES	Teachers will among grade levels will work together to use the same vocabulary and solve multi-step words problems the same in each grade. Teachers will model for students how to solve a multi-step problem.

**Allegheny County Public School
2018 – 2019 School Improvement Plan**

	Students in grades k-2 will be using formative instructional and assessment tasks that are aligned with PARCC. Students will be given many opportunities to use manipulatives to help solve problems.
RESOURCES	Materials to teach strategies and interactive math notebooks with multi-step modeling and reasoning problems. Manipulatives for modeling. Mandy Schall- math specialist
IMPLEMENTATION, DATES, AND MONITORING	Imagine Math - 3 days a week Math journal for problem solving and modeling and reasoning - 3 days a week
EVALUATION	

GRADE 5 IEP

ISSUE AND DATA	There is a gap between IEP students and non-IEP students on the PARCC. 0% of IEP students achieved a 4 or 5 on the PARCC while 25% of non-IEP students achieved a 4 or 5 on PARCC. This is a gap on 25%.
IDENTIFIED GOAL	The goal is for the gap between IEP and non-IEP students to decrease.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

ANALYSIS AND BARRIERS TO ATTAINMENT	Teachers need to strategically and collaboratively plan and allot time for whole group and small group math instruction.
STEPS AND STRATEGIES	Teachers will collaboratively plan with the other grade level teacher, special educator, and math specialist. Teachers will plan to incorporate both whole group and small group instruction into their week. Students will be grouped heterogeneously and homogeneously. The special education teacher will co-teach with the regular education teacher.
RESOURCES	Planning materials, such as graphic organizers. Books on planning and using time effectively, Mandy Schall- math specialist
IMPLEMENTATION, DATES, AND MONITORING	Imagine Math - 3 days a week Math journal for problem solving and modeling and reasoning - 3 days a week
EVALUATION	

**Allegany County Public School
2018 – 2019 School Improvement Plan**

GRADE 3, 4, 5 MEETING PROFICIENT

ISSUE AND DATA	There is a gap between the number of 3rd, 4th, and 5th graders performing at a proficient level. 45.9% of third graders received a proficient score. 24% of 4th graders received a proficient score. 19.5% of 5th graders received a proficient score. Between 3rd and 5th grade, there is a 26.4% gap.
IDENTIFIED GOAL	The goal is to close the gap between 3rd, 4th and 5th grade students scoring proficient.
ANALYSIS AND BARRIERS TO ATTAINMENT	Grade levels need to communicate on what they are finding successful for that group of students. Continuity needs to happen from grade level to grade level. Time needs to be allotted for the teachers to communicate, especially at the end of the school year to plan for the following year.
STEPS AND STRATEGIES	A Google drive will be created for teachers to share math vocabulary and strategies with each other. This will start with 5th grade and we will work our way down through the grade levels to keep what we are teaching students in math consistent. Teachers will have the opportunity to tour each others classrooms to see what is being found effective. Articulation meetings at the end of the school year will go more in depth about how the students are successful in math so the teacher the following year can use similar strategies.
RESOURCES	Planning materials and books on how to successful transfer students through grades, Mandy Schall- math specialist
IMPLEMENTATION, DATES, AND MONITORING	Imagine Math - 3 days a week Math journal for problem solving and modeling and reasoning - 3 days a week

**Allegany County Public School
2018 – 2019 School Improvement Plan**

EVALUATION	

To Be Completed when 2019 PARCC data is available

- Based on the implementation outcome (s), has the identified goal been reached?
- If the identified goal has been reached, how will capacity be sustained?

3. Universal Design for Learning for MATH.

How will UDL be used in the classroom to support attainment of your goals? Reflect upon the strategies last year’s plan to determine the effectiveness of the strategies. Edit the list accordingly. List 3-5 strategies each UDL principle/mode that will be used consistently during instruction to reduce barriers to learning and provide positive academic outcomes for all students.

Table 15	
DL Principle/Mode	Representation –How the teacher presents the information.
<i>Means of Representation: Providing the learner with various ways of acquiring information and knowledge.</i>	Model problem solving strategies Show how to model and reason with multi step problems Posting content, language, social purpose, and vocabulary Imagine Math Math Talks
Means for Expressions: Providing the learner with alternatives for demonstrating their knowledge and skills (what	Expression/Action- How the students demonstrates their knowledge.
	Use manipulatives Exit tickets, spiral reviews, and assessments Monthly PARCC like tasks

**Allegany County Public School
2018 – 2019 School Improvement Plan**

<i>ey know).</i>	ALL classrooms GRR model
Means for Engagement: <i>op into learners interests, challenge them appropriately, and motivate em to learn.</i>	Multiple Options for Engagement
	Flex grouping Manipulatives Cooperative Learning GRR model ALL classrooms

Administrative Leadership

PRINCIPAL’S SLOs- Please make sure your SLOs are based on critical needs identified through your data review and based on evidence (See SLO rubric)

A. Principal SLO 1

1. What is the content focus of the SLO? Describe and explain the student group (s) selected for the SLO.

Students in grades 3-5 will work toward mastery of the mathematics standards at their grade levels using the Mathematics and Career Readiness Standards as measured by progress using the Imagine Math program.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

2. Describe the information and/or data that was collected or used to create the SLO.

Research from the Imagine Learning company shows a direct correlation of success in Imagine Math being linked to scores on PARCC. Flintstone students in grades 4 and 5 did not perform to expected (satisfactory) levels on PARCC during 2017-2018. Therefore, it was determined by staff at the school to focus on the work done in Imagine Math at school and at home, with more emphasis on incorporating regular times for students to work with the program during math instructional periods/enrichment activities. All students will continue to receive the required amount of instructional time in math.

Data from last year indicate:

Of the 28 grade 3 students showing 100+ point growth in IM, only 12 scored a 4 or 5 on PARCC

Of the 29 grade 4 students showing 100+ point growth in IM, only 9 scored a 4 or 5 on PARCC

Of the 29 grade 5 students showing 100+ point growth in IM, only 8 scored a 4 or 5 on PARCC.

Students in grades 3-5 were given the pretest for the Imagine Math program. Scores provided by this program indicate a lack of understanding of the concepts to be presented during the school year. Students have grade level pathway that is used at school and during Morning Math Club. They also have a pathway that is designed just for each child to address where the program indicated general weakness of lack of understanding of concepts. This can be accessed at home, during computer time and with the inclusion teachers when indicated. Currently, our FARMS data indicates grade 3- 53% FARMS, grade 4 45% FARMS and grade 5 - 72.5% FARMS.

3. How does the SLO support the Goal Planning Process and School Improvement Goals and Strategies?

With a large gap in performance between FARMS and Non-FARMS students as well as learning gaps between IEP and Non-IEP students, there is a need for students to have multiple opportunities to practice/reinforce math skills through best instruction, flex group work and additional time using the Imagine Math program. FARMS and IEP students require additional practice and reinforcement of skills as well as “spiraling opportunities” for reinforcement through the use of the individual pathways in Imagine Math. All students will have access to the program on the computers at school to work in the grade level pathways as access to the program is not possible for many of our students due to lack of internet service.

4. Describe what evidence will be used to determine student growth for the SLO.

Allegany County Public School
2018 – 2019 School Improvement Plan

Teachers will note in planbooks times scheduled deliberately for students to work in the Imagine Math program daily. Students will also have the opportunity to participate in the Morning Math Club each Monday, Tuesday and Wednesday part of the school day. Attendance will be monitored in this program. The county math specialist will run monthly reports across at each of the 3 grade levels and conduct data meetings monthly with the grade level teachers as well as with inclusionary students. All students are expected to meet the growth target of gaining 100+ points during the year as determined by the pretest to be completed at all grades. Students achieving grade level on the pretest will be expected to at least maintain grade level achievement on the post test.

B. Principal SLO 2

1. What is the content focus of the SLO? Describe and explain the student group (s) selected for the SLO.

Students in grades Pre-K through second will increase their proficiency and performance in reading and writing. Our school-wide goal is to help and strengthen the students' ability to express ideas and show comprehension of text. Promoting skills that will assist students in using information from texts to support answers to text dependent questions and increasing written language skills is a focus of our reading/ELA curriculum. As the primary students master these basic comprehension skills, this should aid the students as they progress to the intermediate level where they are asked to do higher level comprehension, including referencing multiple texts in their responses and extending their thinking. 110 students through grade 2 will participate in this SLO.

2. Describe the information and/or data that was collected or used to create the SLO.

2017-2018 PARCC data indicates that while our students scores in the writing category are comparable to state scores (20th percentile expression (30th percentile) in writing knowledge, we fell below the district scores in both areas. The same held true in the prose construction, again, our students performed at the same levels as the state scores, but fell below the district scores in literary analysis, research and narrative writing.

Teachers have noted at all grade levels that in writing opportunities students are challenged to answer writing prompts correctly in their own words rather than copy details from stories rather than use their own words to summarize the text to show comprehension. When asked to extend their thinking by writing to continue the story as one of the characters or to write a different ending to the story, students are unable to complete the task as they do not have enough modeled experiences to write to the prompts.

Allegany County Public School 2018 – 2019 School Improvement Plan

Baseline data will be established using text dependent questions that support grade level selections. Students will be scored monthly using the "condensed prose constructed response rubric" that was provided by our county ELA specialist. Students will be provided opportunities to do narrative writing.

3. How does the SLO support the Goal Planning Process and School Improvement Goals and Strategies?

2017-2018 PARCC data indicate a need for our students to be better able to identify main idea (central theme in primary details as demonstrated through written responses to writing prompts. These prompts require students to summarize information specific details by referencing text as well as to extend their thinking by becoming a character in a story or to write a different perspective based upon story events. In order for our intermediate students to be successful in these skills, our primary students must have a foundation in written responses where they can retell, summarize, link information in their writing to the text read, etc. For elementary teachers will focus on monthly detailed writing to help students master ELA skills.

4. Describe what evidence will be used to determine student growth for the SLO.

In grades Pre-K through second, teachers will have students complete a monthly writing task independently. The tasks will be scored using the "condensed prose constructed response rubric" for narrative writing to determine growth and instructional needs. The expectation is that all students will make their targeted gains using the county established growth calculator. Teachers will take many opportunities in all content areas to model good responses for students to help them understand the importance of communicating thoughts coherently through writing. Teachers (grade-level and inclusion staff) will be provided with time to score and discuss as well as to make instructional adjustments to help students become successful writers and readers.

---	--	------------------------	--

**Allegany County Public School
2018 – 2019 School Improvement Plan**

co-teaching and collaborative planning			
Continue to prioritize the essential component Collaborative Planning is multi-faceted and will be an ongoing practice needing time to develop and be refined school wide.			

Based upon the results of the MTSS Practice Profile, what are the priority/priorities that the MTSS team selected?

Continue to refine the co-teaching and collaborative planning model that works for the inclusion staff and general education teachers at Flintstone. Continue to include inclusion staff in monthly data meetings and information sharing with the county reading and math specialists.

Seek district support for visitation/PD opportunities for staff to see various techniques for co-teaching and collaboration as well as data collection for assessing student progress

a. How will the priority/ priorities be addressed?

Designation of weekly planning times for collaboration with general ed teachers and inclusion staff, intentional planning of lessons which allow co teaching opportunities, scheduled monthly meetings with specialists to share ideas for instruction, best practices and making modifications to lessons

**Allegany County Public School
2018 – 2019 School Improvement Plan**

b. What district support is needed to address your priority/priorities?

Assistance in providing substitute teachers to allow visits to other schools

PD resources/personnel to conduct training with staff on effective models of co-teaching/collaboration

POSITIVE BEHAVIORAL INTERVENTION & SUPPORTS OR BEHAVIOR MANAGEMENT SYSTEMS

According to COMAR 13A.08.06.01 defines Positive Behavioral Interventions and Support program (PBIS) means the research-based approach method adopted by the State Board to:

- a. Build capacity among school staff to adopt and sustain the use of positive, effective practices to create learning environments where teachers can teach and students can learn; and
- b. Improve the link between research –validated practices and the environments in which teaching and learning occur.

Based on the examination of the discipline data, please describe strategies to support/improve the implementation of the framework in your school.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

Data collected this year indicates a reduction of referrals from 99 in 2016-2017 to 80 referrals in 2017-2018 (8% reduction in bus referrals and at recess. This is due to collaboration of bus drivers, school staff and families related to safe bus ride expectations and close monitoring/proximity of staff during recess times as well as staff members teaching and being consistent expectations.

	2016-2017	2017-2018
referrals	40	18
bus referrals	39	22

- *Implementation of the school PBIS program at all grade levels to reward students for positive behaviors including monthly school-wide incentives to reward students with no referrals
- *Classroom-based positive behavior plans (ex: Class Dojo, Brag tags)
- *Bus rewards programs
- *Student of the Month recognition with certificates, hall display and Facebook posting
- *Sparkler Store where students can “shop” with sparklers earned for good behavior
- *Praise notes given quarterly to students exemplifying good behaviors

Describe any research-based strategies/ interventions for students needing Tier II behavior support in addition to Tier I behavioral supports.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

- *Check In Check Out program
- *Collaboration with the County Behavior Specialist, School Psychologist and County Autism Specialist
- *Referrals to counseling program with the Allegany County Health Department
- *Classroom Management Plans
- *Behavior Management Plans/Functional Behavior Assessments
- *Use of sensory tools

DN XIII; Title I Schools

I PARENT/FAMILY ENGAGEMENT

/Community Engagement Needs

Describe in a narrative your school’s parental/community engagement. Support with data (i.e. volunteer hours, percent of family/parent participation from sign in sheets, type and number of parent activities, etc.). Title I schools must analyze information from the Title I Parent Interest Survey.

We enjoy a strong tradition of parental/community involvement at Flintstone Elementary School! We have a large group of dedicated parent/family volunteers who have kept our volunteer workshop going to support classroom instruction, under the leadership of Title I Engagement Coordinator, Heather Eisenhour. This year, we hope to increase the number and types of programs we can offer to parents.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

including our weekly workshops held on Tuesdays. Our volunteer hours for 2017-18 totaled 2,320.5 (Sept-April). Additionally, we hold very successful events annually such as: Open House/Annual Title I Meeting (August 28, 2018- 86 adults attended), Grandparents’ Days (weekly in Sept and Oct), Fall Dress Up Day Parade and Party (October 31, 2018), Sparkler store and PBIS Inc Celebrations (monthly), Veteran’s Day (November 9), Christmas Program (December 7, 2018), Reindeer Games (December 20, 2018), Secret Shop (Nov. 22-30, 2018), Seussabration (March 6, 2019), Field Day (June 7, 2019) and more.

Twenty-three Parent Interest Surveys were returned. 8/23 parents asked for more information on grade level curriculum and state standards with some requesting help with reading and others math. We plan on meeting these requests with teacher led workshops (November-February). ELA Game Day will be held on Wednesday, November 14, 2018. Parents also requested assistance with helping their child with social skills. We plan on meeting this request through a presentation by the guidance counselor. We will be including a presentation on drug awareness for parents in our DARE celebration. We will be offering Math Night and an Theme Event for parents and families. We will also continue our partnerships with our wonderful community businesses and organizations such as the Flintstone Lion’s Club churches, Bethel Assembly of God Pastor (lunch and recess mentor), Ya Ya Sisterhood, Oldtown VFW, Dr. Matthew Crawford, parent FSU partner.

Great things are happening in the area of parental/community engagement at Flintstone Elementary School!

Parent Advisory/ Title I Parent Committee 2018-2019

Name	Grade Level Representation	Position
Sharon Morgan	All	Principal
Matthew Crawford	4	PAC Representative, Parent, Community Representative (FSU)

the “Grade Level Representation” column, identify the grade level being represented by this parent. Under the “Position” column, identify the parent’s representative and alternate for the county Parent Advisory Council with “PAC.” Identify the other members as Parent, Teacher, Community Member, and so forth. **The parent committee must represent a cross section of the school community. Title I schools must have representatives from all grade levels.**

FLINTSTONE ELEMENTARY PARENT/FAMILY ENGAGEMENT PLAN

Expectations

As a schoolwide Title I school, Flintstone Elementary Parent/Family Engagement Plan meets and exceeds the requirements of the Title I, Part C of the Every Student Succeeds Act of 2015 (ESSA). Flintstone Elementary recognizes the importance of forming a strong partnership with parents, families, and community members in order to positively impact the students in our school. To promote effective parent/family

**Allegany County Public School
2018 – 2019 School Improvement Plan**

ement, the staff at Flintstone Elementary welcomes and encourages parents, family members, and community members to join their efforts identified in the Action Plan as follows:

- I – Shared decision-making opportunities
- II – Annual meeting to explain the schoolwide Title I program
- III – Opportunities to build and increase understanding, communication, and support between home and school
- IV - Formal and informal evaluation of the effectiveness of parent involvement activities
- V – Activities that promote a positive environment of high expectations shared by home and school

Flintstone Elementary accepts the Allegany County Public Schools Parent Involvement Policy and has aligned its school level Parent/Family Engagement Plan with the district’s Parent/Family Engagement Plan.

By offering opportunities to build parent capacity in school decision making, in understanding academic standards, and in increasing skills to support academics at home, the school will meet all goals on PARCC 2018-2019.

Action Plan

Professional Community for Teachers and Staff- Standard 7

When it comes to closing the achievement gap for any group of students, we know that focused and targeted professional learning is a key feature of the school improvement effort. What school based professional learning will be/has been coordinated this year to address your school’s achievement gaps?

Professional Learning Title: Growth Mindset

Date (s): August 23, 2018 and monthly throughout the 2018-2019 school year

Location and Time: Conference room 1st Tuesday of each month during planning times

Intended Audience: Classroom teachers, counselor, inclusion teachers, Title I teacher and Intervention teacher

What changes are expected to occur in the classroom as a result of this professional learning?

Students and staff will have the “can do” attitude. Students will expect more of themselves and want to strive for greater achievement. Staff will be more positive with themselves and students.

What knowledge and skills will the participants attain in this professional learning to make these changes happen?

Students and staff will focus on a “can do” attitude throughout the year by presenting lessons focused on the monthly mantra from Growth Mindset by Carol Dweck. Student achievement is promoted daily with the power of yet and helping students know they are working toward Mastery of grade level concepts.

**Allegany County Public School
2018 – 2019 School Improvement Plan**

How will you measure the implementation of the the knowledge and skills in the classroom?

Teacher notation of lessons presented in their plan books, agendas/handouts from team meetings where information is presented
Counselor lesson documentation of class lessons, group lessons and individual lessons based on principles of growth mindset.

Professional Learning Title: Book study of Jennifer Serravallo books - The Reading Strategies Book and The Writing Strategies Book

Date (s): 3rd Monday of each month during the 2018-2019 school year

Location and Time: Conference room during teacher planning periods

Intended Audience: Classroom teachers, Inclusion teachers, Intervention teacher and Title I teacher

What changes are expected to occur in the classroom as a result of this professional learning?

Teachers will include a variety of new ELA teaching strategies to help students master essential skills at their grade levels. This will include UDL strategies to improve learning opportunities for all students.

What knowledge and skills will the participants attain in this professional learning to make these changes happen?

These books provide a wealth of strategies in reading and writing to improve ELA instruction. Our SIP focuses this year on helping students develop main idea at all grade levels. Through the development of SLOs focused on writing to the main idea, teachers will use strategies from these books to help students improve their comprehension of main idea in text and be able to respond to text.

How will you measure the implementation of the the knowledge and skills in the classroom?

Agendas from team meetings with ELA county specialist

Strategies implemented in teacher lesson plans

Walk through as well as informal and formal observations

Monitoring/discussion of SLO progress through formative and summative assessments at team meetings

**Allegany County Public School
2018 – 2019 School Improvement Plan**

Professional Learning Title:

Date (s): 2nd Tuesday of each month during the 2018-2019 school year

Location and Time: Conference room during planning times

Intended Audience: Classroom teachers, Inclusion teachers, Title I teacher, Intervention teacher

What changes are expected to occur in the classroom as a result of this professional learning?

Students will improve their understanding of mathematical concepts during each quarter as well as intermediate grades showing expertise on Imagine Math work.

What knowledge and skills will the participants attain in this professional learning to make these changes happen?

The math specialist will focus monthly mathematical concepts to be presented in the classrooms. Using a variety of resources from NC professional books on math instruction as well as formative and summative assessments, the County Math Specialist will address the grade level needs to help teachers with data analysis and teaching strategies to help students master grade level concepts/make exponential growth.

How will you measure the implementation of the the knowledge and skills in the classroom?

Agendas from team meetings with County Math Specialist

Lesson plan documentation of math strategies

SLO monitoring/discussion of student progress in Imagine Math program at grades 3-5

Walk through, informal and formal observations

Monitoring/discussion of SLO progress through formative and summative assessments at team meetings

Allegany County Public School 2018 – 2019 School Improvement Plan

1 XV.

Improvement Plan

How will the plan be shared with the faculty and staff?

The plan will be shared with the faculty/staff at a SIT meeting in November, 2018. All faculty/staff will have access to the plan which is posted on the school website as well as sharing it in Google Drive. The plan will be monitored throughout the year by the school improvement team. Assessment documentation will be used to update the plan and to make revisions as needed.

How will student progress data be collected, reported to, and evaluated by the SIT?

Data will be collected throughout the year through the Engrade system, Think Through Math and SRI. SIT will be responsible for collecting and monitoring the reading, math and science data. SIT will also receive frequent updates regarding the various interventions and students monitoring reports. PST will continue to monitor/report attendance and behavior data. Various committees have been organized to plan, organize and facilitate parent involvement activities throughout the year.

How will the SIP be revised based on student progress and the method(s) used to measure student progress?

Data will be analyzed by by our Math and ELA leadership teams, which are made of classroom teachers, resource teachers, IA's , interventionist, and specialist. Data analysis will determine changes in instructional groups as well as in placing students in intervention programs. Upon the collection and analysis of milestone and objective data, the SIP will be revised according to the identified needs. At the end of each marking period as well as following benchmark administration, these needs will be addressed through changes in activities, groups, and staff responsibilities. The needs of the students will be determined by assessments/benchmarks to determine flex groups/remediation/intervention/enrichment opportunities.

What role will classroom teachers and/or departments have in implementing and monitoring the plan?

Classroom teachers have the opportunity to serve on the School Improvement Team where data is monitored regularly. Assessme

**Allegany County Public School
2018 – 2019 School Improvement Plan**

Data will be discussed in team meetings, as it is available.

How will the initial plan be shared with parents and community members?

Parents will be informed of the SIP through the monthly school newsletter, the school Facebook page and on the school website. Copies of the plan will be available in the school office for parent review. Parents serving on SIT will be part of the monthly discussions regarding implementation and progress.

How will revisions to the SIP be presented to the staff, parents, and community?

Revisions will be discussed at monthly SIT meetings. Any major changes, which are felt to be of particular interest to the community will be communicated through the school's regular communication tools and at PTA meetings. Updates will also be made to the School Improvement Plan on the county and school's websites to continually inform parents of the revision and progress toward established goals.

What assistance does the Central Office need to provide in developing, monitoring, assessing, and implementing the plan?

The Elementary Office of ACPS will support administrative functions in collecting, analyzing and reporting data. A team from the Central Office of ACPS will be responsible for reading the SIP, meeting with the school principal and SIT chair to discuss the plan as well as to make suggestions/revision to the plan. Technical assistance will be provided to the team by Central Office staff in implementing the MTSS this year as it is new to the planning process.

List the approximate dates and/or calendar for sharing, monitoring, and revising the plan.
