Course descriptions:

- **Physical Education (711)** is a required 1 credit course designed to introduce students (grades 9 - 11) to a basic program of physical fitness, team sports, and individual lifetime recreational activities. Emphasis is placed on developing physical skills, acquiring knowledge of movement, rules, and promoting a positive self image as related to social and emotional behavior. Students will take PE field trips every Friday.
- **Comprehensive Health Education (481)** is a required ½ credit course designed to provide students (grades 9 – 11) with valid information for living a healthy lifestyle. The intent of this course is to help students incorporate decision making skills, refusal skills, and goal setting skills into seven topic areas: Nutrition and Fitness, Personal and Consumer Health, Mental and Emotional Health, Disease Prevention, Drugs Alcohol and Tobacco, Family Life and Human Sexuality and Safety and Injury Prevention. The National Health Education Standards and Maryland State Curriculum provide a guideline for the practice of those health related skills in the seven required topic areas.
- **Personal Financial Literacy (870)** is a required ½ credit course designed to place the students (grades 9 – 11) in the role of citizen, family member, consumer, and active participant in managing personal finances. Students will learn ways to maximize their earnings potential, develop ways for managing financial resources, understand, and develop skills for using credit, and explore ways to invest money for future security. Themes of study will include career decisions, money management, financial security, credit management and consumer rights and responsibilities.
- **Art (511)** is an elective course designed to provide students (grades 9 – 11) an initial high school art experience. Students will become aware of natural and manmade art forms in their environment as well as explore cultural and historical artistic heritage. Students will learn to use the elements and principles of design by incorporating various tools and techniques in their production of works. Skills developed in Art I can enrich leisure time or lead to advanced study.
