

# SCHOOLYARD FIELD TRIPS

## A Closer Look at the Environment 2020-21: 6<sup>th</sup> Grade

*In fall 2021, due to transportation limitations, 6<sup>th</sup> graders were unable to visit the Evergreen Heritage Center, so the program's environmental experiences were conducted in the schoolyard and the classroom. Below are photos from the schoolyard module, which explored weather and how to observe and measure weather characteristics using rain gauges, barometers, and an anemometer/wind meter.*
