**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**INTEGRATED EDUCATIONAL FRAMEWORK**

**Mission, Vision, and Core Values**

Mission Statement

The Parkside Elementary School faculty and staff believe that all students can grow intellectually, personally, emotionally, socially, and physically. We believe that each of these dimensions is equally important to the total well-being of the individual. Together with parents and other partnerships, it is our goal to focus attention on each of these areas in order for every student to become a responsible and productive citizen.

Vision

Parkside Elementary School will develop our children, our staff, our parents, and our community. We will strive to model and teach divergent thinking, responsibility, respect, and safety. Staff will promote open and honest communication between colleagues, students, parents, and our community. By accessing skills and knowledge from a variety of resources, students will receive appropriate instruction with necessary supports to promote individual success.

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

Core Values

“Living, Laughing, Loving, Learning, Working Together; Making a Difference.” This sentiment serves as a way to share the deep belief that we have in the value of partnership within our learning community and reminds us daily that the team effort will guide our students to success.

- Parkside School believes in the importance of forming a strong partnership with parents and community members in order to positively impact the students in our school.
- Parkside School believes that our ultimate goal is to create a safe, nurturing environment in which students can grow intellectually, personally, emotionally, socially, and physically.
- To promote effective parent involvement, the staff works together collaboratively with one another and welcomes and encourages parents and community members to join us in the educational program.

**A. VISION, MISSION, CORE VALUES, AND LEADERSHIP**

1. What is the role of the principal in the School Improvement Process at your school? **The principal directs leadership team to gather input from all stakeholders and analyze data from a variety of sources to identify needs of the school and to create a plan for addressing those needs using a systematic approach. The principal guides the staff in the development and implementation of the school’s mission and vision by identifying values and then making decisions that support the implementation of the school vision.**
2. What is the purpose of your school leadership team in the School Improvement Process? **The leadership team is a group that works to align school initiatives with the School Improvement Plan. Data is analyzed by the leadership team to inform decision-making.**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**to make informed and intentional decisions to drive the instructional process to best meet the needs of members.**

3. Does your school improvement team (SIT) represent your entire school community, including parents/guardians? **The composition of the team is comprised of the principal, teachers, parents, and community members.**
4. What additional opportunities exist for everyone in your school community to meaningfully participate in decision-making processes? **New to the school this year are written evaluations requesting feedback from parents relating to activities in which they were participants. New as well was a survey to parents asking for input regarding the need for assistance and support for their child in reading and/or math. Also every student's family has the opportunity to respond to a mid-year Title I Parent/Family survey to evaluate our core values from the parent perspective for strengthening our home-school partnership. This initiative will help the Improvement Team make informed decisions on how to best meet the needs of our families.**
5. What is the process for developing a shared understanding and commitment to the vision, mission, and core values within the school and community? **Parkside shares its vision with staff through faculty meetings, professional development, SIT meetings, and team planning, giving the opportunity for staff to engage in dialogue. Our vision is shared on an electronic message board that is readily visible upon entering the school at the main lobby.**
6. When did the last periodic, collaborative review of the vision, mission, and core values occur by stakeholders? **All teachers were involved in an activity encouraging thoughtful review of our Parkside values. This activity occurred during a school wide professional development day on August 24, 2018. Staff worked together to review the vision and mission that we have for our school community. This vision was shared by our principal with the entire organization during Open House on September 6, 2018.**

## **Allegany County Public Schools 2018 – 2019 School Improvement Plan**

7. Have you adjusted the school’s mission and vision to changing expectations and opportunities for the school and changing needs and situations of students? If so, why? **Our vision continues to focus on collaborating and partnering with parents and community. We continue to believe these partnerships are crucial in the development of the school and student success. Our previously staff-developed slogan of, “Living, Laughing, Loving, Learning...Working Together to Make a Difference” summarizing Parkside’s commitment to the students in developing a climate of inclusiveness continues to reflect the values of our Parkside learning community.**

### **B. Culture, Climate, and Inclusive Community**

**School climate and culture** have a profound impact on student achievement and behavior and reflects the school community. Positive and sustainable school climate fosters learning and youth development.

**School climate** refers to the character and quality of school life that is centered on patterns of students, staff and parent experiences of school life. School climate refers to a school’s social, physical, and academic environment. It refers to not limited to how the school makes people feel. Examples: Do they feel safe, welcomed, and connected?

**School culture** is a set of goals, norms, values, beliefs and teaching and learning practices that reflect the organizational structure. A related concept is school culture, which refers to the “unwritten rules and expectations” among the school (Gruenert, 2008).

Broadly defined, positive school cultures are conducive to professional satisfaction, morale, and effectiveness, as well as student learning, fulfillment, and well-being. The following examples are commonly associated with positive school cultures:

- The individual successes of teachers and students are recognized and celebrated.
- Relationships and interactions are characterized by openness, trust, respect, and appreciation.

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

In addition, in accordance with the Code of Maryland Regulations (COMAR) 13A.01.04.03 all students in Maryland's schools, without exception and regardless of race, ethnicity, region, religion, gender sexual orientation, language, socioeconomic status, age, or disability have the right to educational environments that are:

- A. Safe
- B. Appropriate for academic achievement; and
- C. Free from any form of harassment.

**rative or bulleted form, address your school's climate, culture, and inclusive community.**

**ommunity of Parkside Elementary School, including students, parents, and all staff members strive to promote a welcc  
clusive atmosphere. At the heart of this climate is the desire to collaborate and communicate with families in order to  
the needs and ensure the success of all elementary scholars. We encourage parent and community input and participa  
ices the learning environment. Positive behaviors within students are acknowledged through the PBIS program, the scl  
rce Lions, and the Student of the Month recognition celebrating the modeling of Character Counts traits. The school  
wledges the successful ideas, efforts, and contributions of faculty members through a weekly recognition program.**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

chool recognizes and encourages the collaboration between the special and regular education teachers and paraeducators are highly valued as a critical component to our school climate, culture, and success. They serve as a vital link between the classroom and the special education teacher and help to preserve the flow of instruction. This collaboration is a school priority in our MTSS profile. Regular and special education teachers meet weekly to plan and modify instruction to meet the needs of the students.

oom rosters are designed to be heterogeneously grouped to include an equally proportioned distribution of the subgroups, Females, IEP/Non-IEP, FARMS/Non-FARMS, Race, Academic High/Middle/Low, and Behavioral Needs.) These distributions are determined each year by the teachers and administration during articulation meetings. Throughout the year, students participate in activities in multi-ability groups in a variety of subjects. STEM activities as well as social studies tasks lend well to ability grouping. The use of the GRR-UDL model also provides opportunities to engage students of a variety of abilities.

**C. Student and/or Staff Engagement Action Plan**

---

***Student and/or Staff Engagement Action Plan***

Areas of needed improvement: the issue (s) that needs	<b>Section 1- Adequate time for communication in my building.</b> 3 out of 18 staff members disagreed that they had adequate time to communicate in their building.
--	--

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

<p>Steps: What steps will be taken in order to achieve the desired outcome(s).</p>	<ul style="list-style-type: none"> <li>● Resource schedules will be designed to maximize opportunities for grade-level teams and special education staff to communicate and plan for the week ahead.</li> <li>● Collaborative planning between Spec Ed, Title I, and Regular will be built into schedules to provide opportunity for communication.</li> <li>● The following teams will meet consistently throughout the school year: School Improvement Team, ICT, Social Committee, Tier II/CICO. Minutes of team meetings will be shared with all staff following meetings.</li> </ul>
<p>Responsible leader and team: Who is responsible for leading and involved in the work?</p>	<p>The resource schedule and master calendar will be created and maintained by the principal. Communication team minutes will be shared with staff via chairs of each team.</p>
<p>What investments (people, time, etc) will be needed to implement this initiative(s) or activities) to achieve the desired outcome(s)?</p>	<p>No equipment is needed to improve communication. Staff will need to commit to attending scheduled meetings, and chairs must commit to sharing team minutes with other staff members.</p>
<p>What are the major events or milestones/ accomplishments for this?</p>	<p>The School Improvement Team will survey staff twice a year regarding communication and will meet to discuss the results and address needs and challenges.</p>
<p>How will you measure success? Metrics: What will you use to gauge progress on your action plan and determine if the identified goal has been met?</p>	<p>The School Improvement Team will survey staff at Faculty Meetings in January and May to determine progress toward improving opportunities to communicate within the building.</p>

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

Include dates for implementation ops.	<p>August- Resource schedule and collaborative planning opportunities will be developed.</p> <p>Monthly- Teams will meet and share data with staff</p> <p>Jan/May- SIT will administer a staff survey regarding communication and review results</p>

Free/Reduced Meals (FARMS)	92.3	93.0	92.9	92.2	-0.8

Describe where challenges are evident. In your response, identify challenges in terms of grade band(s) and subgroups, especially Special Education, FARMS, ELL and lowest attending. **There was a significant attendance issue in fourth grade due to student absences and unexcused absences. The students were identified as habitually truant.**

Describe 2-3 strategies/processes that will be used to ensure sufficient progress and include a timeline. **Principal, personnel worker, school counselor, and principal will work with the family to remediate the problem. Reward act as lunch with a staff member for attending school, will be used as an incentive. The problem will also be addressed**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

the Check In/Check Out program used to encourage positive behavior and increase student responsibility for appropriate behavior.

**HABITUAL TRUANCY**

The Code of Maryland Regulations COMAR 13.08.01.04 states that a student is an habitual truant if (a) the student is unexcusedly absent from school for a number of days, or portion of days in excess of 20 percent of the school days within any marking period, semester, or year. Habitual truancy means a student that meets all the following criteria (b) The student was absent 5 to 20 days during the school year; (c) The student was in membership in a school for 91 or less days.

Based on the Examination of the Habitual Truancy Data, respond to the following:

How many students were identified as habitual truants? **≤10 (3) students were habitually truant last school year.**

What are the reasons and specific changes/adjustments in place to reduce the number of habitually truant students. **Reasons stated for absences were student illnesses and parents keeping child(ren) home from school without an excuse. A major challenge identified the last year recognized the difficulty parents had getting their child to school when they missed their bus.**

**GRADUATION AND DROPOUT RATE – High Schools Only**

**SCHOOL SAFETY/ SUSPENSIONS**

Suspension – In school and out of school suspensions

School Safety – Suspension for Sexual Harassment, Harassment, and Bullying

Complete the table for in school and out of school suspensions, offenses pertaining to sexual harassment, and offenses of bullying/ harassment. Calculate the annual change by taking difference of 2016-17 and 2017-18 and dividing by 2016-2017. Represent as + or - based on increase or decrease of

<b>SUSPENSIONS</b>

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

Category	All Students			
	2015-2016	2016-2017	2017-2018	Percent Change from 2017 to 2018
Referrals	77	80	91	+13.75%
Suspensions	6	4	3	-25%
Out of School	1	0	0	maintained
School	5	4	3	-25%
Harassment Offenses	0	0	0	maintained
Threatment/Bullying Offenses	0	0	0	maintained

Comment on the number of suspensions for your school related to these incidents and provide a plan to reduce that number if applicable. **The number of suspensions has shown a continual decrease from 2015-2016 to 2017-18. This improvement can be attributed to the implementation of the check-in/check-out program, PBIS incentives, and behavior plans for students showing difficulty.**

Based on the examination of the 2018-2019 R4K Kindergarten Readiness Assessment Data:

- Describe the school’s plans, including any changes or adjustments that will be made, for ensuring the progress of students who begin kindergarten with Emerging Readiness or Approaching Readiness as determined by the March Kindergarten Readiness Assessment. Include a discussion of the best practices your school has implemented to address the achievement gaps found in the Kindergarten Readiness Assessment data and the data that will be collected to ensure that the best practices have been effective. **Data collected from the Kindergarten Readiness Assessment at the beginning of the 2018-2019 school year indicates the following areas of weakness: 13 out of 28 students demonstrated readiness, (15 having a need) in Math on the Readiness Assessment and 12 out of 28 students demonstrated readiness, (16 of 28 having a need) for physical development and well being. Based on this data, the following activities will be implemented to target these areas of weakness:**

## **Allegany County Public Schools 2018 – 2019 School Improvement Plan**

foundations include Numbertalks, referencing to Mathematical Practices that are displayed on posters, the game of War played using subitizing cards and ten frames cards, Memory Match using numerals, represented numbers, and ten frame Roll and Hop along a large number line with students taking turns racing to 10 or racing to 20 using stuffed animals, This to build a number, draw a number, write a number, and explain a number, Calendar Math, counting boys and girls and use of stretchy bands to stretch the number of the day, subitize within five playing peek-a-boo and sharing time when number based questions can be asked. The strategies to be used to target students' physical development and well-being are: focus on center-targeting fine motor skills, Pencils broken to 2 inches to encourage proper grip, Collaboration with physical therapists, suggested activities such as red light/green light, Personal care-pack and unpack independently, pictures of bathroom components made from Boardmaker, "Hip to Zip" club, Whistle Wednesday-use of playground equipment, Daily movement-balance activities, parachute, crawl through tunnel, boat/bridge.

describe how the school is working in collaboration with their local preschool partners (i.e., Judy Centers, Preschool Special Education; Preschool Expansion sites; Head Start; Child Care Programs) to ensure that children are entering kindergarten "demonstrating readiness." Parkside works collaboratively with the Head Start program. Five out of eighteen PreK students attend afternoon Head Start located at Mt. Savage Elementary/Middle School. The special education teacher, along with an instructional assistant, provide service in the classroom periodically in the morning. Physical therapists as well as speech and occupational therapists work with students weekly. Additionally, community agencies and programs such as the Allegany County Health Dept and the Lions Club assist with early detection and screening of children with issues such as hearing or vision difficulty.

### **ACADEMIC PROGRESS**

Maryland remains committed to addressing significant gains and progress for all students. As part of the 2017 Bridge to Excellence Master Plan Annual Update, LEAs are required to analyze their State assessment data, and implementation c

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

objectives and strategies to determine their effect on student achievement and classroom practices. Schools in Allegany are required to do the same.

**A. ENGLISH LANGUAGE ARTS**

**1. Reading/ELA Data Overview**

**Long Term Goal:** To prepare 100% of students to be college and career ready by graduation.

**Short Term Goal:** To reduce the gap for FARMS, Special Education and other low performing subgroups.

**2. Analyze the data results for ELA 3-5; 6-8; 10 to determine underperforming areas.  
Include FARMS, SE and other selected focus subgroups in your analysis.**

- a. Analyze Data Results and Strategy Implementation from 2017-2018 SIP. Were the identified goal(s) met? If so the goal be sustained? **Our 2017-2018 ELA SIP goal was to close the gap of 21.9% between the Grade 3 Aggregate the FARMS subgroup and the gap of 35% between the Grade 3 Aggregate and Special Ed subgroup. unsuccessful in closing the gap between the Grade 3 Aggregate and the FARMS subgroup. The gap increased to 23.4%. However, the gap between the Grade 3 Aggregate (48.5%) and the Spec Ed subgroup (40.0%) : significant decrease, closing to only 8.5%. Cohort data from 2018 indicates a positive decrease in the Aggregate (53.9%) and the FARMS (41.7%) gap to only 12.2%.**

Describe the gains made in focus areas. **The subgroup of Special Ed Grade 3 showed an increase of 15%- 25% (2017-2018)**

Based on this year’s data, describe the UDL strategies in the 2017-2018 plan that proved most effective? **Representative materials, graphic organizers, audio, and technology integration. Expression- reading contracts, learning center projects, computer-based assessments, arts integration. Engagement- group projects, GRR Modeled Lesson Presenters/Community Partnerships, technology infusion.**

- b. Establish Focus Areas

## Allegany County Public Schools 2018 – 2019 School Improvement Plan

Use The Five Whys to determine the Root Cause(s) and the ACPS Goal Planning Process to address Achievement Gaps. Determine focus standards by using the Evidence Statement Analysis through Pearson Access Next published reports. Implement data from the DMRS in the Goal Planning Process.

Use the ACPS Goal Planning Process

Please include the following:

- What is the issue? **Grade 3 Aggregate showed a decrease from 2017 to 2018. We were also unsuccessful in closing the gap between the Grade 3 Non-FARMS and the FARMS subgroup. Cohort data shows that Grade 3 Aggregate from 2017 also decreased as 4th graders in 2018. Special Ed Grade 4 also showed a significant decrease from 2017 to 2018.**
- What data support the need for a resolution to the identified issue? **PARCC data supports the need for this focus. Grade 3 Aggregate showed a decrease of 11.5% from 60% in 2017 to 48.5 % in 2018. A performance gap existed between the Grade 3 Non-FARMS (61.9%) and the FARMS subgroups (38.1%). This gap between the two subgroups is 23.8%. Cohort data shows that Grade 3 Aggregate from 2017 (60%) also decreased as 4th graders in 2018. Grade 3 Aggregate scored at 56.1% with Grade 4 Aggregate scoring at 53.9 in 2018. Special Ed Grade 4 also showed a significant decrease from 44.4% in 2017 to 22.2% in 2018.**
- Does the identified goal align with an initiative of the ACPS? If so, how/why does it align? ACPS Goal: To prepare all students to be College and Career Ready by graduation. PARCC is a measure of College and Career Readiness Standards. Proficiency of PARCC correlates to College and Career Readiness.
- What is currently preventing the identified goal from being attained? **Of the 17 third graders scoring below 4 on the PARCC in 2017, all 17 are reading below grade level (according to the Reading Inventory administered at the beginning of the 2018 school year- 1 Beginning Reader, 8 Below Basic, 8 Basic) Students reading below grade level would indicate that prerequisite standards needed to be addressed and mastered before grade level standards could be attained. As a result, pacing made it difficult to produce more than one year's growth in a school year even with small group and differentiated instruction. Specifically in Grades 3 & 4.**

**Allegany County Public Schools**  
**2018 – 2019 School Improvement Plan**

Literary Analysis and Research Simulation were identified as areas of weakness in both grades. Identified Statement weaknesses were the following: RI 3.5- Use text features and search tools (e.g., key words, sidebar hyperlinks) to locate information relevant to a given topic efficiently. RI 3.9 Compare and contrast the most important points and key details presented in two texts on the same topic. RI 4.9-Integrate information from texts on the same topic in order to write or speak about the subject knowledgeably. RI 4.8-Explain how an author uses reasons and evidence to support particular points in a text.

- What outcome(s) will determine the identified goal has been met? **Student progress will be assessed by analyzing results of the Principal Writing SLO as well other data measures, such as growth on the Scholastic Reading Inventory and benchmarks, and progress monitoring of reading intervention students.**
- What resources are not currently available to meet the identified goal? **Time- More opportunity for teachers to do activities that mimic PARCC and then time to meet to analyze student responses to drive better individualized differentiated instruction. Technology- Limited by sharing equipment among multiple classrooms keeps teachers from integrating PARCC-like computer-based practice activities daily for ELA.**
- What steps will be taken to fully implement the plan in the effort to reach the identified goal? **Monthly writing conferences will be administered to the students, results will be analyzed with the ELA Specialist, writing conferences will be held with each student, modeling of appropriate responses will occur, targeted lessons will occur based on analysis of student responses.**
- How will implementation be monitored to reach the identified goal? **Steps listed above will be used to monitor ongoing progress. Final analysis will occur by measuring growth from the Pre-Assessment of the Writing Process to the End-of-the-Year Post Assessment.**

c. **To Be Completed when 2019 PARCC data is available**

- Based on the implementation outcome (s), has the identified goal been reached?

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

- If the identified goal has been reached, how will capacity be sustained?

**3. Universal Design for Learning for ELA.**

**How will UDL be used in the classroom to support attainment of your goals? Reflect upon the strategies in last year’s plan to determine the effectiveness of the strategies. Edit the list accordingly. List 3-5 strategies for each UDL principle/mode that will be used consistently during instruction to reduce barriers to learning and provide positive academic outcomes for all students.**

Table 13	
UDL Principle/Mode	<b>Representation – This is how the teacher presents the information.</b>
<i>Means of Representation: Providing the learner with various ways of acquiring information and knowledge.</i>	Digital materials and media (SMART boards, tables, laptops) to provide more auditory (National Geographic, Scholastic News, ReadWorks, etc.) and visual opportunities for all students; Document using varied fonts, size, background color; Use of Lexile Leveled Materials such as Scholastic ReadWorks, and Discovery Ed
<i>Means for Expressions: Providing the learner with alternatives for demonstrating their knowledge and skills (what</i>	<b>Expression/Action- This is how the student will demonstrate their knowledge.</b> Allow assessments/project choices to demonstrate learning such as Reading Contracts, Learn Independent Experiences, Interest-Based Activities; Group Projects, Choice Boards, STEM A Computer-Based Assessments, Arts integration

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

<i>ey know).</i>	
<b>Means for Engagement:</b> <i>op into learners interests, challenge them appropriately, and motivate them to learn.</i>	<b>Multiple Options for Engagement</b>
	Varied assessment/project choices to give all students opportunities for ownership over the assessment/project and the opportunity to practice self regulation. Group work /presentations Release of Responsibility Model, Technology Infusion (Discovery Ed), project learning activities STEM based activities that encourage the integration of ELA skills and objectives. Community partnerships (guest presenters, guest readers), Mystery Science. Classes in 4th and 5th are using readtheory.org with their classes to encourage independent practice that features personalized levels for student participants. Monitoring of the program is provided by classroom teachers Reading Specialist. Edcite will be used in fourth grade to provide students with an opportunity involved in activities that mirror PARCC like tasks. Critical Vocabulary program will continue with Word of the Week presented and each classroom expand upon the use based on age appropriate

**B. MATHEMATICS**

**1. Math Data Overview**

**Long Term Goal:** To prepare 100% of students to be college and career ready by graduation.

**Short Term Goal:** To reduce the gap for FARMS, Special Education and other low performing subgroups.

**Math** – Proficiency Data (Elementary, Middle and High Schools)

**Complete data charts using 2015, 2016, 2017, 2018 Data Results.**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

- 2. Analyze the data results for Math 3-5; 6-8; Algebra I to determine underperforming areas. Include FARMS, SE and other selected focus subgroups in your analysis.**

Analyze Data Results and Strategy Implementation from 2017-2018 SIP.

## **Allegany County Public Schools 2018 – 2019 School Improvement Plan**

Were the identified goal(s) met? If so, how will the goal be sustained? **Our 2017-2018 MATH SIP goal was to close between the Grade 3 Aggregate and the FARMS subgroup and the gap between the Grade 5 Aggregate and FARMS : We were successful in closing the gap in Grade 3 but unsuccessful in reducing the gap in grade 5.**

Describe the gains made in focus areas. **Our 2017-2018 MATH SIP goal was to close the gap of 20.0% between the Aggregate (48.6%) and the FARMS subgroup (28.6%) and the gap of 13.7% between the Grade 5 Aggregate (66.7%) and subgroup (53.0%.) We were successful in closing the gap between the Grade 3 Aggregate (45.5%) and the FARMS (43.8%). The gap was reduced by 18.3% to only a gap of 1.7%. In looking at Grade 3 to 4 Cohort data, we were successful in reducing the gap as well. Grade 4 Aggregate (59.0%) and Grade 4 FARMS (45.8%), therefore the gap decreased by only 13.2%. We were unsuccessful in reducing the gap between Grade 5 Aggregate (59.5%) and Grade 5 FARMS (40.0%) gap increased by 5.8% to 19.5% gap.**

Based on this year's data, describe the UDL strategies in the 2017-2018 plan that proved most effective? **Representation- Modeling and Using Manipulatives, Vertical consistency in lesson structure in grade PreK-5, Imagine Math individual pathways, Varied Fonts, Digital Materials, etc.; Expression- Assessment and project choices, Learning Centers, Individual Experiences, Group Projects, Computer Based Assessments; Engagement- Productive Group Work, GRR Lesson : After School Activities (hands-on equations, PARCC prep), STEM.**

### Establish Focus Areas

Use The Five Whys to determine the Root Cause(s) and the ACPS Goal Planning Process to address Achievement Gaps. Determine focus standards by using the Evidence Statement Analysis through Pearson Access Next published reports. Implement data from the DMRS in the Goal Planning Process. According to PARCC distribution points the areas that are most assessed on PARCC are:  
Grade 3- Reasoning and Modeling, Measurement and Data, and Operations in Algebraic Thinking

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

Grade 4-Reasoning and Modeling, Numbers in Base Ten, and Fractions

Grade 5-Reasoning and Modeling, Numbers in Base Ten, and Fractions

- 3rd Grade Focus Standards: **Area, perimeter, determine unknowns in equations, comparing fractions, and determining equivalent fractions.**
- 4th Grade Focus Standards: **Comparing multiplication, multi-step word problems, patterns and rules, comparing decimals, and line plots with fractions.**
- 5th Grade Focus Standards: **Subtract decimals to the hundredths place, multiplying fractions including area**

\*\*Bolded skills are the standards most assessed on PARCC per grade level.

Use the ACPS Goal Planning Process

Please include the following:

- What is the issue? **There is a decrease in the pass rate of the 3rd Grade Aggregate from 2017 to 2018. A gap between the Grade 4 Non-FARMS and the FARMS subgroups and Spec Ed and Non-Special Ed subgroups**
- What data support the need for a resolution to the identified issue? **Grade 3 Aggregate- In 2017- 48.5% and in 2018- 45.5% showing a decrease of 3%. A gap of 8.4% exists between the Grade 4 Non-FARMS 54.2% and FARMS subgroup 45.8% and a gap of 55.6% between Grade 4 Non-Special Ed 77.8% and Special Ed 22.2%.**
- Does the identified goal align with an initiative of the ACPS? If so, how/why does it align?**ACPS Goal: To prepare 100% of the students to be College and Career Ready by graduation. PARCC is a measure of the College and Career Readiness Standards. Proficiency on PARCC correlates to College and Career Readiness.**
- What is currently preventing the identified goal from being attained? **Areas of Math weakness through an analysis of the PARCC 2018 data indicate areas of greatest concern were in the following: Major Standard including the following grade level identified weaknesses (analysis of DMRS and Evidence Statements)- 3rd Grade Focus Standards: Area, perimeter, determine unknowns in equations, comparing fractions, and determining equivalent fractions. 4th Grade Focus Standards: Comparing**

**Allegany County Public Schools**  
**2018 – 2019 School Improvement Plan**

multiplication, multi-step word problems, patterns and rules, comparing decimals, and line plots and fractions. According to the Math Quantile Benchmark Test, a strong correlation exists between PARCC success and the Quantile score. (Students who scored on Grade Level in the Quantile also scored proficient on the PARCC test. Grade 3- All 14 students who scored a 4 or 5 on the PARCC also scored on Grade Level on the Quantile; Grade 4- 22 of the 23 students who scored a 4 or 5 on the PARCC also scored on Grade Level on the Quantile; The reverse is also the case. Grade 3- Of the 16 students scoring below a 4 or 5 on PARCC, 15 of the 16 entered 3rd grade below grade level (1/16 Far Below Basic, 3/16 Below Basic, 3/16 Basic.) Students scoring below grade-level on the Quantile were not proficient on the PARCC. Grade 4- Of the 15 students not scoring 4 or 5 on the PARCC, 15 students entered 4th grade below grade level according to the beginning of the year Quantile Measurement (11/15- Far Below Basic, 3/15 Below Basic, 1/15 Basic.) Grade 4 FARMS- 11 of the 11 FARMS students performing below a 4 or 5 on PARCC entered Grade 4 below grade level according to the Quantile Measurement. Below grade level would indicate that prerequisite skills needed to be addressed and mastered before grade level standards could be attained. As a result of the pacing made it difficult to produce more than one year's growth within a school year even with group and differentiated instruction.

- What outcome(s) will determine the identified goal has been met? **Student progress will be assessed by analyzing results of the Principal Math SLO as well other data measures. A year's growth on the the Math Quantile will determine that the goal is met. A secondary assessment measure was also created using the identified Evidence Statement weaknesses from last year's PARCC Assessment and will be used as a monitoring tool to determine progress toward our identified goal. This measure was given as a baseline pre-assessment to all grades 3,4 students in September. A post assessment will be given prior to the PARCC assessment.**
- What resources are not currently available to meet the identified goal? **Time- More opportunity for teachers to engage in activities that mimic PARCC and then time to meet to analyze student responses to drive better individualized**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**differentiated instruction. Technology- Limited by sharing equipment among multiple classroom keeps teachers from integrating PARCC-like computer-based practice activities daily for Math.**

- **What steps will be taken to fully implement the plan in the effort to reach the identified goal? Standards-based activities (matching the identified Evidence Statement weaknesses) will be administered to the students, results will be analyzed with the Math Specialist, reteaching activities will be developed as needed, modeling of appropriate responses will occur, targeted lessons will occur based on analysis of student responses.**
- **How will implementation be monitored to reach the identified goal? Steps listed above will be used to monitor the ongoing progress. Final analysis will occur by measuring growth from the Pre-Assessment to the End-of-the-Year Post Assessment, including principal’s SLO assessment, and from the growth from the beginning-of-the-year to end-of-the-year Math Quantile.**

To Be Completed when 2019 PARCC data is available

- Based on the implementation outcome (s), has the identified goal been reached?
- If the identified goal has been reached, how will capacity be sustained?

**3. Universal Design for Learning for MATH.**

**How will UDL be used in the classroom to support attainment of your goals? Reflect upon the strategies used in last year’s plan to determine the effectiveness of the strategies. Edit the list accordingly. List 3-5 strategies for each UDL principle/mode that will be used consistently during instruction to reduce barriers to learning and provide positive academic outcomes for all students.**

<b>Table 15</b>	
<b>UDL Principle/Mode</b>	<b>Representation –How the teacher presents the information.</b>

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

<p><b>Means of Representation:</b> <i>providing the learner various ways of acquiring information and knowledge.</i></p>	<p>The Gradual Release of Responsibility serves as a foundation for lesson implementation. Mathematical Reasoning is emphasized with visual and manipulative approaches and materials. As a support resource, classroom teachers are using Eureka across grade levels, PreK through 5. Think Through Math (Imagine Math) is used to provide student opportunities to respond to mathematical problems through computer programs. Hard copies of documents using various fonts, size, background color, and measures provide more opportunities for all students as they acquire information and knowledge. Appropriate manipulatives (Rekenreks, dry erase boards, LLTeach communicators, ten frame) are used at grade levels. Zearn is used to engage students in lessons using a video format to reinforce mathematical concepts. In addition, our Math Specialist provides third, fourth, and fifth grade classrooms with PARCC-like tasks that are then assessed and analyzed to direct teachers toward more specific remediation and extension of concepts.</p>
<p><b>Means for Expressions:</b> <i>providing the learner alternatives for demonstrating their knowledge and skills (what they know).</i></p>	<p><b>Expression/Action- How the students demonstrates their knowledge.</b></p> <p>Allow assessment/project choices to give all students the opportunities to demonstrate what they have learned. Students have the opportunity to explore interest based projects, learning centers, group presentations, choice boards, STEM activities, and computer based assessments created through the Math Specialist using the Engrade format to mimic PARCC manner of assessment. The Think Through Math computer based program permits teachers to design personalized study pathways in addition to the pathways built into the program that occur instantaneously as the student encounters difficult</p>
<p><b>Means for Engagement:</b></p>	<p><b>Multiple Options for Engagement</b></p>

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

*p into learners interests,  
challenge them  
appropriately, and motivate  
em to learn.*

Allow assessment/project choices to give all students opportunities for ownership over the as and the opportunity to practice self regulation. Number Talks continue to be utilized in the cl encourage student collaboration and opportunities to integrate Language Purpose goals. The ( Release of Responsibility Model provides the foundation for all lesson approaches in all class pilot group of fourth grade students will have the opportunity to participate in the Active Lear classroom which emphasizes the GRR/UDL model and reinforces the collaboration that is ev grade levels. Students have the opportunity to extend the Think Through Math and Zearn at which allows them an opportunity to continue to practice skills and concepts. Each grade lev will be involved in a parent involvement activity related to Math. Parents will be invited to jo scholar in a class wide extension activity and witness first hand the rich Math related vocabul expected and used in classrooms. Edcite will be used in fourth grade to provide students with opportunity to be involved in activities that mirror PARCC like tasks.

**C. SCIENCE**

**The Science section will be omitted for the 2018-2019 year as the transition is made to the NGSS and MISA.**

**D. SOCIAL STUDIES/GOVERNMENT- N/A**

**Administrative Leadership**

**PRINCIPAL'S SLOs- Please make sure your SLOs are based on critical needs identified through your data review and ba evidence (See SLO rubric)**

**A. Principal SLO 1- MATH- Grades 3 and 4**

1. What is the content focus of the SLO? Describe and explain the student group (s) selected for the SLO.

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

Areas of Math weakness through analysis of the PARCC 2018 data indicate areas of greatest concern were in the following Standards including the following grade level identified weaknesses (analysis of DMRS and Evidence Statements)- 3rd Standards: Area, perimeter, determine unknowns in equations, comparing fractions, and determining equivalent fractions. Focus Standards: Comparing multiplication, multi-step word problems, patterns and rules, comparing decimals, and identifying fractions. The student group selected is Grades 3 and 4 students.

2. Describe the information and/or data that was collected or used to create the SLO.

There is a decrease in the pass rate of the 3rd Grade Aggregate from 2017 to 2018. A gap exists between the Grade 4 Non-FARMS subgroups and the Non-Spec Ed and Spec Ed subgroups. Grade 3 Aggregate- In 2017- 48.5% and in 2018- 45.5% showing a decrease of 3%. A gap of 8.4% exists between the Grade 4 Non-FARMS 54.2% and FARMS subgroup 45.8% and a gap exists between Grade 4 Non-Special Ed 77.8% and Special Ed 22.2%.

3. How does the SLO support the Goal Planning Process and School Improvement Goals and Strategies?

The Goal Planning Process identified the need to increase the proficiency of the Grade 3 Aggregate to close the gap between the

4. Describe what evidence will be used to determine student growth for the SLO.

Student progress will be assessed by analyzing the results of the Principal Math SLO as well as other data measures. A year's growth Math Quantile Test will determine that the goal is met. A secondary assessment measure was also created using the identified Evidence Statement weaknesses from last year's PARCC Assessment and will be used as a monitoring tool to determine progress toward our identified goal. This measure was given as a baseline pre-assessment to all grades 3, 4, and 5 students in the number. A post assessment will be given prior to the PARCC assessment.

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**B. Principal SLO 2**

1. What is the content focus of the SLO? Describe and explain the student group (s) selected for the SLO.

**ELA Writing will be the content focus of the SLO with emphasis on the following as determined through the analysis of Evidence Statement weaknesses from last year's Grade 3 PARCC performance:**

**CCSS.ELA-LITERACY.R1.3.1: Answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.**

**CCSS.ELA-LITERACY.R1.9-10.1: Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.**

**CCSS.ELA-LITERACY.R1.9-10.2: Determine a central idea of a text and analyze its development over the course of the text.**

**CCSS.ELA-LITERACY.R1.9-10.4: Determine the meaning of words and phrases as they are used in a text,**

**ELA-LITERACY. RI.3.1: Answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.**

**ELA-LITERACY.RI.4.2: Write informative/explanatory texts to examine a topic and convey ideas and information clearly and logically. The SLO will include the entire Grade 3 student population.**

2. Describe the information and/or data that was collected or used to create the SLO.

Students read selected informational passages from ReadWorks online (selected by Reading Specialist, Mrs. Krista Trentham) on multiple select and written-response question sets. Students are reminded about reading strategies and success criteria on responses. Initial baseline data was collected on October 4, 2018. The brief written responses are scored using the PAI rubric. There are opinion questions, but it is all writing to source and mostly expository writing. Data collected will be reviewed to aid in recommendations for possible strategies for the classroom teacher to consider.

**Baseline Data:**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**Lough-** 100% of the 16 students in my class scored below 70%.  
94% of the 16 students (15/16) in my class scored below 50%.  
25% of the 16 students (4/16) of the students scored below 25%.

**Stevens-** 100% of the 16 students scored below 70%  
94% of the 16 (15/16) students scored below 50%.  
6% of 16 (1/16) students scored below 25%.

3. How does the SLO support the Goal Planning Process and School Improvement Goals and Strategies?

**3 Aggregate showed a decrease from 2017-2018. Grade 3 Aggregate showed a decrease of 11.5% from 60% in 2017 to 48.5% in 2018. We were also unsuccessful in closing the gap between the Grade 3 Non-FARMS and the FARMS subgroup. Cohort data showed that Grade 3 Aggregate from 2017 (60%) also decreased as 4th graders by 6.1% with Grade 4 Aggregate scoring at 53.9% in 2018.**

4. Describe what evidence will be used to determine student growth for the SLO.

**During October 4, 2018, students read an informational passage from the ReadWorks site at their grade level lexile. Questions were aligned with PARCC reading standards. Special Education students were given accommodations as per their IEP. In addition, the assessment included a writing prompt, which was scored using the PARCC rubric. This was scored by our Reading Specialist, Jennifer Tatum. She then, met with individual teachers and administrators during team meetings and together, they determined the needs of each individual child. A plan of action was formed for instruction and classroom weekly practice. All practiced passages were reviewed and ongoing collaboration determines direction for further instruction. We are using the Growth Model for Achievement. Students are expected to increase their benchmark scores in writing by 2 points. In addition, all students will increase scores in reading. Students who scored below 5, maintain if they scored 5 or above. Scores are out of 18 for writing and 7 for comprehension.**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**MULTI-TIERED SYSTEM OF SUPPORT**

**Include a copy of your MTSS Practice Profile. This profile can be attached to the end of the Plan. Make sure your goal planning process to show the integration and linkage between your goal planning process and priorities.**

**Based upon the results of the MTSS Practice Profile, what are the priority/priorities that the MTSS team selected?**

ear, Parkside selected collaborative teams and data based decision making as our priority. As a school we felt it was necessary to continue this focus , and expand the approach to all grade levels.

- a. How will the priority/ priorities be addressed? **All teachers will participate in collaborative planning with the Special Education teachers, and the Reading and Math Specialists. In addition, teachers of targeted students will have the opportunity to work directly with the Title I educator. Intentional planning will be based on data review and with reference to specific needs of individual students. Planning will continue to emphasize the use of UDL strategies. Detailed time with the Special Educators permits teachers an opportunity to collectively create lessons that best meet the needs of individual students. A Behavior Specialist collaborates with teachers of identified students.**
- b. What district support is needed to address your priority/priorities? **Increase the time that the Reading and Math Specialists are able to serve the diverse needs at Parkside.**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**POSITIVE BEHAVIORAL INTERVENTION & SUPPORTS OR BEHAVIOR MANAGEMENT SYSTEMS**

According to COMAR 13A.08.06.01 defines Positive Behavioral Interventions and Support program (PBIS) means the research-based approach method adopted by the State Board to:

- a. Build capacity among school staff to adopt and sustain the use of positive, effective practices to create learning environments where teachers can teach and students can learn; and
- b. Improve the link between research –validated practices and the environments in which teaching and learning occur.

Based on the examination of the discipline data, please describe strategies to support/improve the implementation of the PBIS framework in your school.

**The PBIS team at Parkside Elementary, which includes representative from each grade level, meets monthly to review discipline data and discuss trends in behavior. This data is used to plan both school-wide behavior incentives as well as to target specific areas of concern where behavior modification is needed such as on the buses. From the 2016-17 to the 2017-18, total number of referrals showed an increase from 80 to 91, and for both years, Disruption and Disrespect continue to be the two most problem behaviors. Our 2018-2019 data so far, reflects that bus referrals are our area of concern with 14 referrals are designated as occurring during transport to and from school. During the 2017-2018 school year the following PBIS incentives were conducted: on-going blue bees for tokens to the treasure tower, responsibility focus; popsicle reward, Trick or Treat, Reindeer Games, pajama and movie day, PBIS/Field Day/Fun Fair, monthly focus on citizenship- citizenship month highlighted on television/bulletin board in the lobby/ and featured in the newsletter. The students and the PBIS team should be commended for being recognized, once again, as a Gold Star Exemplar Status for the 2017-2018 school year.**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

Describe any research-based strategies/ interventions for students needing Tier II behavior support in addition to Tier I behavioral supports.

**Tier II - Check-In/Check-Out, was initiated two years ago and has broadened its approach with the use of more adult mentors. Targeted students are monitored and encouraged through behavior rewards. Daily written communication with parents continues to accentuate the positive support and discussion between home and school.**

**Tier I- Explicit instruction by classroom teachers and the school counselor of expected behaviors in all settings. End of the year classroom passports provide an opportunity for all students to be made aware of expectations, consequences and recognition opportunities. PBIS is included in our newsletter each month and a variety of opportunities for students recognized are highlighted throughout the school year. In addition, the PBIS website has booster lessons that are being utilized by our school guidance counselor during weekly guidance lessons. Pamphlets are also sent home to parents for the home/school connection.**

**DN XIII; Title I Schools  
I PARENT/FAMILY ENGAGEMENT**

## **Allegany County Public Schools 2018 – 2019 School Improvement Plan**

### **/Community Engagement Needs**

Describe in a narrative your school's parental/community engagement. Support with data (i.e. volunteer hours, percent of family/parent participation from sign in sheets, type and number of parent activities, etc.). Title I schools must analyze information from the Title I Interest Survey. **Parkside strongly believes that parent/community involvement is a critical piece in the success and growth of the school and its culture. Parkside is proactive in developing parent and community events, activities, and partnerships to foster this relationship. The following is a partial list of related activities and a brief description of each that occur throughout the school year. This list is not exhaustive because requests for updates to the school calendar occur frequently to add parent involvement opportunities occurring within classrooms or the school at large. The results of the Title I parent survey revealed parent interest in helping their child with Math concepts, assisting with homework, and improving attitude and behavior of their learned at home and/or at school.**

- **Title I Planning Committee Mtg on July 17, 2018 (Met to analyze the data and used Title I criteria to propose targeted students.)**
- **Title I Planning Committee Mtg. on July 26, 2018 (Developed Exit Criteria for target students.)**
- **PTA Officers Meeting - August 8, 2018 (Met with principal to establish goals for the school year.)**
- **Lego League Coaches Orientation - August 11, 2018 ( Establish school team and foundational knowledge.)**
- **Lego League Team Building Activity - August 15, 2018 (Initial teams met for orientation.)**
- **Back to School Night - September 6, 2018 (Title I mtg., PTA mtg, classroom visitation, meet the teacher, volunteer to help with homework, pizza and prizes. 68+families were in attendance.**
- **Humpty Dumpty visits PreK and K. STEM activity.**
- **Grandparents' Day September 11, 2018 130+ grandparents in attendance.**
- **Parent Workshop - ongoing - Parents help teachers with copying, laminating, cut-outs, etc.**
- **Master Rando presented Anti Bullying assembly on September 25, 2018, All students attended.**
- **Carnegie Science department assembly - Entire school - September 28, 2018.**
- **Kindergarten Apple Day Parent Involvement September 26, 2018 41 parents were involved.**
- **Parent Teacher Conferences held October 2, 2018. 95 students were represented.**
- **Fire Safety/Fire Dept Visits October 9, 2018**
- **Coffee with Dr. Cox October 10, 2018**
- **Buster the Bus visits Pre K and K October 11, 2018**
- **Kindergarten visits Brookdale Farms on October 12, 2018 Fifteen parent chaperones.**

**Allegany County Public Schools**  
**2018 – 2019 School Improvement Plan**

- **PTA Fall Fun Night 6 - 8 p.m. October 16, 2018**
- **Grade 5 visited Bedford Village. October 18, 2018. Two parent chaperones involved.**
- **Coffee with the principal. Title I parent annual meeting. 9 a.m. October 19, 2018**
- **Play from National Theater - The Energized Guyz October 25, 2018 Full school assembly.**
- **Tony M. October 29, 2018 Character Education. Full school assembly.**
- **Fall Parade October 31, 2018 Parents assist with costumes and view the parade.**
- **Veterans' Day Program November 9, 2018. Parents and community members are honored by school members.**
- **December - Holiday programs**
- **PBIS Reindeer Activity with parent support and participation**
- **Kindergarten Christmas program is December 19, 2018**
- **Parent Teacher Conferences March 4, 2019**
- **Science Fair Spring, 2019 - Organized supported by Dr. Taylor with FSU students**
- **Volunteer Appreciation breakfast - Spring, 2019**
- **PreK egg hunt**
- **Student Variety Show Spring, 2019**
- **Testing Support and Encouragement Activities from Younger Classes for testing grades. Spring, 2019**
- **Career Day Spring, 2019**
- **Field Day Spring, 2019**
- **Classroom Parent Involvement activities scheduled by grade levels, Nov/Dec, Jan/Feb, Mar/Apr focusing on STEM Math**
- **Lego Robotics Team- Meets weekly- Parents coach the team. Compete regionally.**
- **Title I Planning meeting November 8, 2018 - discussed parent survey results and began initial stage of parent involve activity for Math, in response to the survey.**
- **Title I - Targeted Families - Cookie Crawl - December 10, 2018 - Present ELA strategies to parents attending while participate in a cookie decorating activity, snack, and ELA related games. Attention will be given to BookFlix. At the conclusion of the adult ELA strategy activity, parents will meet their children and participate in a Cookie Crawl - col homemade cookies to take home.**
- **January/ February, 2019 - A similar activity to the ELA activity held in December will be held in January/Februar the interest expressed on motivating their students for learning and practicing appropriate behaviors.**
- **Title I Mid-Year Parent/Family Survey distributed January 28, 2019 and analyzed at February, 2019 SIT meeting.**

the “Grade Level Representation” column, identify the grade level being represented by this parent. Under the “Position” column, identify the parent’s representative and alternate for the county Parent Advisory Council with “PAC.” Identify the other members as Parent, Teacher, Community Member, and so forth. **The parent committee must represent a cross section of the school community. Title I schools must have representatives from all grade levels.**

**PARKSIDE PARENT/FAMILY ENGAGEMENT PLAN**

**Expectations**

At Parkside, the targeted assistance Title I school, Parkside’s Parent Engagement Plan meets and exceeds the requirements of the Title I, Section 1111 of the West Virginia State Success Act of 2015 (ESSA).

Parkside recognizes the importance of forming a strong partnership with parents and community members in order to positively impact the school. To promote effective parent involvement, the staff at Parkside welcomes and encourages parents and community members to participate in activities identified in the Action Plan as follows:

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

- I – Shared decision-making opportunities
- II – Annual meeting to explain the schoolwide Title I program
- III – Opportunities to build and increase understanding, communication, and support between home and school
- IV - Formal and informal evaluation of the effectiveness of parent involvement activities
- V – Activities that promote a positive environment of high expectations shared by home and school

The school accepts the Allegany County Public Schools Parent Family Engagement Policy and has aligned its school level Parent Family Engagement Plan with the district’s Parent Family Engagement Plan.

By offering opportunities to build parent capacity in school decision making, in understanding academic standards, and in increasing skills to support academics at home, the school will meet all goals on PARCC 2018-2019.

**Standard XIV.**

**Professional Learning Community for Teachers and Staff- Standard 7**

When it comes to closing the achievement gap for any group of students, we know that focused and targeted professional learning is a key feature of the school improvement effort. What school based professional learning will be/has been coordinated this year to address your school’s achievement gaps?

**Professional Learning Title: Long Range Planning with Math Specialist and Grade Level Teams**

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**Date (s):** November 29, 2018

**Location and Time:** Parkside

**Intended Audience:** Classroom teachers K - 5

What changes are expected to occur in the classroom as a result of this professional learning? **Areas of weaknesses identified through Evidence Statements will be focused upon and adjustments will be made to long range and daily plans to address the concept of quality lessons, activities, and assessments will be ready for the immediate use of upcoming standards along with plans for remediation, if needed.**

What knowledge and skills will the participants attain in this professional learning to make these changes happen? **Clarify areas of need through Evidence Statements. Adjustment to lesson strategies and intentional planning to apply best practices to increase student achievement. Teachers will have the ability to look ahead and pace out quality lessons to keep on pace towards completing all standards in a timely manner.**

How will you measure the implementation of the the knowledge and skills in the classroom? **We will reflect on on formative assessments and needed remediation to ensure all students are mastering the standards presented. Continuous spiral review will assist students in mastering math concepts. Customized pathways, through TTM ,can be developed and used to assess success on specific skills that have been noted at each grade level. The principal's SLO will target specific areas in Math and ELA and results will be compared to 2018 scores to determine if the needs have been addressed and growth has been achieved.**

**Professional Learning Title:** Reading Strategies with focus on Informational Text and Rigor

**Allegany County Public Schools  
2018 – 2019 School Improvement Plan**

**Date (s):** TBD

**Location and Time:** Parkside Elementary School

**Intended Audience:** Classroom teachers

What changes are expected to occur in the classroom as a result of this professional learning?

**Teachers will be guided in creating lessons that increase the rigor and demand an integrated response from students that incorporates text evidence. Lessons will focus on supporting comprehension in non-fiction. The teacher created lessons will culminate with activities that require thoughtful written responses related to non-fiction text.**

What knowledge and skills will the participants attain in this professional learning to make these changes happen?

**Teachers will design lessons using the *Reading Strategies Book* by Jennifer Serravallo, and research PARCC like activities and assessments through edcite.com.**

How will you measure the implementation of the the knowledge and skills in the classroom? **PARCC results will be compared to 2 scores to determine if the needs have been addressed and growth has been achieved. County benchmarks will also be used as data to assess growth.**

## **Allegany County Public Schools 2018 – 2019 School Improvement Plan**

How will the plan be shared with the faculty and staff? **The 2018-2019 School Improvement Plan will be shared with all Parkside staff and interested stakeholders, through Google Drive, and with SIT members, including parents and community representatives during the meeting following the SIP review. The SIP will be discussed during professional staff development days, faculty meetings, team meetings, and Title I meetings. During the meetings, current SIP expectations, objectives, and activities will be revisited to drive best practice instruction for targeted groups and all students at Parkside School. The quarterly Title I meetings will provide us with an opportunity to make any changes.**

How will student progress data be collected, reported to, and evaluated by the SIT? **Milestone data will be collected and evaluated at the close of each benchmark and DIBELS administration. Student data will be disaggregated and distributed to grade level teams during team data meetings. Based on this data, teachers and administrators will evaluate Title I targeted groups, intervention groups; flex groups, and provide us with an opportunity to evaluate and adjust instructional practices.**

How will the SIP be revised based on student progress and the method(s) used to measure student progress? **The SIT will meet monthly to review and evaluate the effectiveness of the activities implemented, and as available, the benchmark, Reading Inventory, Imagine Math, and Monthly Math Task data that has been collected. Based on the outcome of these evaluations, the SIP will be revised to reflect changes in our needs.**

What role will classroom teachers and/or departments have in implementing and monitoring the plan? **SIT members along with math/reading specialists will collect and disaggregate benchmark data and Monthly Math tasks. Data meetings with classroom teachers will be scheduled following benchmark/DIBELS data collection. SIT members will monitor the implementation by meeting monthly.**

How will the initial plan be shared with parents and community members? **The SIP will be available on the Parkside website and the Board of Education website. Parents and community members will be made aware of the SIP and its availability via school newsletters and school website.**

## **Allegany County Public Schools 2018 – 2019 School Improvement Plan**

How will revisions to the SIP be presented to the staff, parents, and community? **As revisions to the SIP are needed, they will be communicated to all staff during staff development, faculty meetings, through Google Drive, and email as needed. Community members and parents will access the Parkside website, and Board of Education website for updates and revisions. Copies of the SIP are made available in the main office at the parents' request.**

What assistance does the Central Office need to provide in developing, monitoring, assessing, and implementing the plan? **Central Office provided school principals with data through Google Drive for ease of access to members of the SIT for review. Central Office staff remains responsive to questions regarding the writing and revision of the SIP. Members of Central Office are available and have participated in faculty and team meetings, provide resources, and coordinate professional development among schools.**

What are the approximate dates and/or calendar for sharing, monitoring, and revising the plan. **The plan will be submitted at the end of November. SIP review will occur during the month of December. In January the plan will be shared with the faculty and stakeholders. Monitoring and revision of the plan will occur monthly.**
