Education Partners:

Vision:
Increasing Student Opportunities and Career Success through Innovative Collaboration among Business, Community, and Education.

Mission:
The P-TECH mission is to provide students with an education that starts in grade nine, continues through high school completion with a high school diploma, and culminates in the attainment of an Associate Degree.
**Cybersecurity Facts:**

- There are 10 million cyber attacks per day costing $100 billion
- 400,000 cyber positions are available in the United States
- 20,000 of those cyber positions are in Maryland
- Maryland is the Epicenter for innovation in Cybersecurity. There are close to 20,000 open cybersecurity jobs available in more than 1,800 cybersecurity companies in Maryland with:
  - 50 Federal Agencies
  - National Cybersecurity Center of Excellence
  - 12 Major Military Installations
  - Defense Information Systems Agency
  - Home to the U.S. Cyber Command
  - National Security Agency and NIST

**Core Benefits:**

1. Rigorous and relevant program focused on the knowledge and skills students need for a career in Cybersecurity.
2. Workplace learning that includes ongoing mentoring by professionals in the IT sector, worksite visits, speakers and a paid internship.
3. Intensive, individualized academic support.
4. A cost-free two-year degree in Cybersecurity from Allegany College of Maryland.
5. A commitment from the business partners for P-TECH graduates to be first in line for job consideration.
