I. USE OF SCHOOL BUILDINGS

A. APPLICATION PROCESS

1. Unless exempted by the provisions of 1A2, an applicant must complete a “Use of Facilities” form and submit it through the principal or building manager to the superintendent of schools or his designee. The principal, in cooperation with the applicant, will determine the extent and kind of services needed in conjunction with such requested use.

2. Those activities which are sponsored by or affiliated with the individual school or the Board of Education will not require an application.

3. All organizations/groups or individuals not sponsored by such application shall be submitted to, or affiliated with the school or Board of Education are required to submit an application to the principal of the building where the activity is to take place.

4. In all cases, except for annual leases of concession areas, the school principal will determine the availability of the facility. Annual leases of concession areas will be granted by the superintendent or his designee.

5. All applications must be submitted at least four (4) weeks prior to the date of the activity.

6. Cancellations or changes in activity dates must be reported to the school principal as soon as the applicant becomes aware of such changes. In such cases, the principal may require a new application to be submitted.

7. Applications are available at all school offices and the Central Office at 108 Washington Street, Cumberland, MD, 21502.

8. Any applicant must provide proof of liability insurance in the amount of one million dollars ($1,000,000.00) with the application. The Board of Education of Allegany County shall be named as an additional insured on such policy. Applicants who provide services directly to students or children under the age of 18 may apply for a waiver from this insurance requirement. Such waiver may be granted by the Superintendent or his designee if the applicant provides an assumption of risk agreement that is satisfactory to the board.

9. All applicants agree to provide an indemnification agreement and a waiver of liability agreement to the board.

10. The principal may appoint a member of his staff as designee to receive and process applications.

B. CONSIDERATION OF REQUESTS

1. The superintendent may appoint an administrator as his designee to consider applications. The superintendent will consider the best interests of the school system in determining whether to grant approval to an application. The superintendent of schools or designee will sign all approved applications and duly note those not approved.

2. The superintendent may consider failure to meet previous obligations to the Board as reason to refuse further use to the applicant.

3. Failure to provide adequate supervision may also warrant refusal of further use.
4. By motion at a meeting, the Board may vote, at its discretion, to restrict facility use, provided that the reasons for such restriction are clearly stated in its motion and do not constitute illegal discrimination or a violation of applicable law.

5. Priority Schedule – The use of facilities shall be assigned in accordance with the following:
   a. FIRST PRIORITY – Any curricular or extra-curricular program of the ACPS educational system.
   b. SECOND PRIORITY – Parent-Teacher Associations, faculty group, school affiliated groups, government agencies, and state education agencies.
   c. THIRD PRIORITY – Any public recreation programs, extension service, United Way Agencies (Scouts, YMCA, etc.), and private education agencies.
   d. FOURTH PRIORITY – All other users such as volunteer agencies, improvement associates, private groups, service clubs, religious groups, social groups, civic fund raisers, and civic associations.

In the event of the scheduling conflicts between applications of the same priority, the assignment will be made based on the date of the applications.

4. Food and beverage consumption will be permitted in stadium areas, cafeteria/dining areas, and such other places as designated by the principal in writing. Food, beverages and other items may only be sold by those persons or organizations who have a current concession lease with the ACPS or by those persons or organizations who obtain the specific written consent of the principal prior to such sales.

15. The principal, vice principal, building manager, or school custodian must be on duty when a school, or any facility, is occupied.

16. Temperature levels in school building may vary from normal during the times applicants seek to use them because of fuel shortages or for reasons of economy.

Any group or organization using school property shall save the Board of Education of Allegany County, the individual members thereof, and any school officials or employees, free and without harm, for any loss, liability, or expense, including attorneys fees, that may arise during, or be caused in any way by such use or occupancy of school property. In the event school property loss is incurred as a result of the use of the facility by an outside group, the amount of damage shall be decided and invoiced by the Board of Education. The group or agency shall also hold harmless and indemnify or reimburse the Board of Education for any liability to third parties arising from use of school facilities.
20. All use of buildings and/or grounds is restricted to the area and to the activity as described on the application form.

21. Political parties may not use Board of Education facilities for fund-raising events.
